

Base Prospectus dated 21 May 2021

SFIL €15,000,000,000 Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme (the "**Programme**") described in this Base Prospectus (as defined below), SFIL (the "**Issuer**" or "**SFIL**"), subject to compliance by the Issuer with all relevant laws, regulations and directives applicable to the Issuer and the Notes, may from time to time issue Euro Medium Term Notes (the "**Notes**"). The aggregate nominal amount of Notes outstanding will not at any time exceed €15,000,000,000 (or the equivalent in other currencies at the date of signing of the documentation relating to the issue of any Notes).

This document constitutes a base prospectus (the "**Base Prospectus**") for the purpose of Article 8 of the Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended (the "**Prospectus Regulation**").

This Base Prospectus has been approved by the *Autorité des marchés financiers* (the "**AMF**") in France in its capacity as competent authority under the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuer or the quality of the Notes that are the subject of this Base Prospectus and investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made for Notes issued under the Programme during a period of twelve (12) months after the date of the approval granted by the AMF on the Base Prospectus to be admitted to trading on Euronext Paris and/or any other Regulated Market (as defined below) and/or to be offered to the public pursuant to a non-exempt offer in accordance with the Prospectus Regulation in any member state (the "**Member State(s)**") of the European Economic Area (the "**EEA**"). Euronext Paris is a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council dated 15 May 2014 on markets in financial instruments, as amended ("**MiFID II**"), appearing on the list of regulated markets issued by the European Securities and Markets Authority (each, a "**Regulated Market**"). The Notes may also be admitted to trading on any other stock exchange, or may not be admitted to trading on any market. The relevant final terms (the "**Final Terms**") (forms of which are contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading and/or offered to the public pursuant to a non-exempt offer in a Member State of the EEA and, if so, the relevant market and/or jurisdiction.

This Base Prospectus shall be valid for the admission to trading of Notes on a Regulated Market and/or the offering of Notes to the public pursuant to a non-exempt offer in accordance with the Prospectus Regulation until 20 May 2022, provided that it is completed by any supplement, pursuant to Article 23 of the Prospectus Regulation, following the occurrence of a significant new factor, a material mistake or a material inaccuracy relating to the information included (or incorporated by reference) in this Base Prospectus which may affect the assessment of an investment in the Notes. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

Notes will be issued in dematerialised form, as more fully described herein. The Notes will at all times be in book-entry form in compliance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Notes.

The Notes may, at the option of the Issuer, be in bearer form (*au porteur*) inscribed as from the issue date in the books of Euroclear France ("**Euroclear France**") (acting as central depository) which shall credit the accounts of Account Holders (as defined in "Terms and Conditions of the Notes – Form, Denomination(s), Title and Redenomination") including Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking, S.A. ("**Clearstream**") or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in "Terms and Conditions of the Notes – Form, Denomination(s), Title and Redenomination"), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either with the Issuer or with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

The Notes are governed by, and shall be construed in accordance with, French law.

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche based on then prevailing market conditions and will be set out in the relevant Final Terms.

The long term senior debt of the Issuer has been assigned a rating of AA with a stable outlook by S&P Global Ratings Europe Limited ("**S&P**"), Aa3 with a stable outlook by Moody's France SAS ("**Moody's**") and AA (high) with a stable outlook by DBRS Ratings GmbH ("**DBRS**"). The Notes issued under the Programme may be unrated or rated differently. The rating of Notes (if any) will be specified in the Final Terms. Each of S&P, Moody's and DBRS is established in the European Union. Each of S&P, Moody's and DBRS is registered under Regulation (EC) No. 1060/2009 on credit ratings agencies, as amended (the "**CRA Regulation**") and is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority's website (www.esma.europa.eu/supervision/credit-rating-agencies/risk) as of the date of this Base Prospectus. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

This Base Prospectus, any supplements thereto (if any) and the Final Terms related to the Notes admitted to trading on any Regulated Market in the EEA and/or offered to the public pursuant to a non-exempt offer in accordance with the Prospectus Regulation will be published on the websites of the Issuer (www.sfil.fr) and of the AMF (www.amf-france.org).

Prospective investors should have regard to the factors described under the section headed "Risk factors" in this Base Prospectus before deciding to invest in the Notes issued under the Programme.

This Base Prospectus (together with any supplements to this Base Prospectus published from time to time (each a "Supplement" and together the "Supplements")) constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation in respect of, and for the purpose of giving information with regard to, the Issuer, the Issuer and its consolidated subsidiaries taken as a whole (the "Group") which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer, the rights attaching to the Notes and the reason for the issuance and its impact on the Issuer.

This Base Prospectus should be read and construed in conjunction with any Supplement that may be published from time to time and with all documents incorporated by reference (see "*Documents incorporated by reference*") and in relation to any Series (as defined herein) of Notes, should be read and construed together with the relevant Final Term(s) (the Base Prospectus and the Final Terms being together, the "Prospectus").

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or the Arranger or any of the Dealers. Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial or trading position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see "*Subscription and Sale*".

NOTICE

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and conditions, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer, the Arranger or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Neither the Issuer, the Arranger or the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the subscription or acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

AN INVESTMENT IN THE NOTES MIGHT NOT BE SUITABLE FOR ALL INVESTORS

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;**
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact that any such investment will have on its overall investment portfolio;**
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;**

- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (vi) consult its own advisers as to legal, tax and related aspects of an investment in the Notes (in particular to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase of any Notes).

Some Notes are complex financial instruments. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio. Some Notes which are complex financial instruments may be redeemable at an amount below par in which case investors may lose the value of part or their entire investment.

A number of Member States of the European Union are currently negotiating to introduce a financial transactions tax ("FTT") in the scope of which transactions in the Notes may fall. If the proposed directive is adopted and implemented in local legislation, Noteholders may be exposed to increased transaction costs with respect to financial transactions carried out with respect to the Notes and the liquidity of the market for the Notes may be diminished. Prospective investors should consult their own tax advisers in relation to the consequences of the FTT associated with subscribing, purchasing, holding and disposing the Notes.

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Arranger or the Dealers to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information contained or incorporated by reference in this Base Prospectus. None of the Arranger or the Dealers makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other financial statements or any other documents incorporated by reference are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements or any other documents incorporated by reference should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Arranger or the Dealers undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Arranger or the Dealers.

One or more independent credit rating agencies may assign credit ratings to the Notes. A rating assigned to the Notes is based on the Issuer's financial situation, but takes into account other relevant structural features of the transaction, including, inter alia, the terms of the Notes, and reflects only the views of the rating agency. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes and the ability of the Issuer to make payments under the Notes (including but not limited to market conditions and funding related and operational risks inherent to the business of the Issuer). A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

PRIIPS REGULATION - PROHIBITION OF SALES TO EEA RETAIL INVESTORS – In respect of (i) any Notes with a denomination of less than €100,000 for which the Final Terms specify the "Prohibition of sales to EEA retail investors" as "Applicable" and (ii) any Notes with a denomination of at least €100,000, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive 2016/97/EU of the European Parliament and of the Council dated 20 January 2016 on insurance distribution, as amended (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 of the European Parliament and of the Council dated 26 November 2014 on

key information documents for packaged retail and insurance-based investment products (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPS REGULATION – PROHIBITION OF SALES TO UK RETAIL INVESTORS – In respect of (i) any Notes with a denomination of less than €100,000 for which the Final Terms specify the "Prohibition of sales to UK retail investors" as "Applicable" and (ii) any Notes with a denomination of at least €100,000, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the "UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Commission Delegated Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "FSMA") and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by the PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (ESMA) on 5 February 2018 and which channels for distribution of the Notes are appropriate. Any person subsequently selling or recommending the Notes (a "distributor" as defined in MiFID II) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the product governance rules under EU Delegated Directive 2017/593 (the "MiFID II Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer as defined in MiFID II in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules. For the avoidance of doubt, the Issuer is not a MiFID II regulated entity and does not qualify as a distributor or a manufacturer under MiFID II Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR product governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA's policy statement entitled "Brexit our approach to EU non-legislative materials") and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

SINGAPORE SFA PRODUCT CLASSIFICATION – In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the "SFA") and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the "CMP Regulations 2018"), unless otherwise specified before an

offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are 'prescribed capital markets products' (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Important notice relating to Inflation Linked Interest Notes

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE or Eurostat, as the case may be, and the INSEE or Eurostat makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of any of the inflation indices and/or the figure at which such indices stand at any particular time. The inflation indices are determined, composed and calculated by the INSEE or Eurostat, as the case may be, without regard to the Issuer or the Notes. The INSEE or Eurostat, as the case may be, is not responsible for or has not participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in the determination or calculation of the interest payable under such Notes.

None of the Issuer, the Arranger, the Dealers or any of their respective affiliates makes any representation as to the inflation indices. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to any of the inflation indices that is or may be material in the context of Inflation Linked Notes. The issue of Inflation Linked Notes will not create any obligation on the part of any such persons to disclose to the holders of the Notes or any other party such information (whether or not confidential).

Neither the current nor the historical levels of any of the inflation indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes.

Important notice relating to Green Notes or Social Notes

Prospective investors should have regard to the information set out in the relevant Final Terms regarding the use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in green notes (the "Green Notes") or social notes (the "Social Notes"), as the case may be, together with any other investigation such investor deems necessary. In particular, no assurance is given by the Issuer or the Dealers that the use of proceeds for any loan will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by the Issuer's own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental or social impact of any loan or uses related to any loan. Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes a "green", a "social" or an equivalently-labelled asset. In addition the requirements of any such label may evolve from time to time, accordingly, no assurance is or can be given to investors that any loan or use(s) the subject of, or related to, any loan will meet any or all investor expectations regarding such "green", "social" or other equivalently-labelled performance objectives.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Green Notes or Social Notes, as the case may be, and in particular with any loan, to fulfil any environmental, social and/or other criteria. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold any such Green Notes or such Social Notes, as the case may be.

No Dealer makes any representation as to the suitability of the Green Notes or the Social Notes to fulfil environmental or social criteria required by prospective investors. The Dealers have not undertaken, nor are responsible for, any assessment of the eligibility criteria, any verification of whether the Green Notes or the Social Notes, as the case may be, meet the eligibility criteria, or the monitoring of the use of proceeds.

For the avoidance of doubt, it is however specified that payments of principal and interest (as the case may be) on the Green Notes or the Social Notes, as the case may be, shall not depend on the performance of the relevant loan.

RISK FACTORS

The following are risk factors which the Issuer believes are specific to the Issuer and/or the Notes and material for the purpose of assessing the market risk associated with the Notes and/or may alter its ability to fulfil its obligations under the Notes towards investors and of which prospective investors should be aware.

Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In each category below the Issuer sets out the most material risks in first according to each assessment, taking into account the negative impact of such risks and the probability of their occurrence. The materiality of the risks has been assessed based on the probability of their occurrence and the expected magnitude of their negative impact on the Issuer.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme. Additional risks not included in this risk factors section below, e.g. because they are currently not material or not known by the Issuer, may result in material risks in the future.

Prior to making an investment decision, prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents deemed to be incorporated by reference herein) and make their own opinion about risk factors prior to making any investment decision. Investors should in particular conduct their own analysis and evaluation of the risks relating to the Issuer, its financial condition and the Notes and consult their own financial or legal advisers about risks associated with investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

Words and expressions defined in the section entitled "Terms and Conditions of the Notes" herein shall have the same meanings in this section.

I. RISKS RELATING TO THE ISSUER AND ITS OPERATIONS

The following risks factors are presented from the most important to the less, as result of the crossing of the likelihood of their occurrence and of the level of their impact in case of occurrence.

The following table gives the detail of the risk factors identified and indicates, for each of them, the likelihood of their occurrence and their negative impact on the Issuer and the Group on the date of this Base Prospectus. The likelihood of the occurrence is graded on a four-level scale ("Very Unlikely", "Unlikely", "Likely" and "very Likely") and the magnitude of their negative impact is graded on a three-level scale ("Low", "Moderate" and "Significant"). Within each of the below mentioned categories, the risks have been listed according to this grading, the risks with the combination of the highest likelihood and negative impact coming first.

1. Legal and tax risks

1.1 Risks arising from implementation of Basel III Risk-Weighted Asset Framework

SFIL is subject to prudential regulations applicable to credit institutions and has to comply with the current capital requirements, prudential oversight and risk-management systems. As of 31 December 2020, SFIL's capital level is high (CET1 capital ratio: 29.4%; total capital ratio: 29.9%) given its capital requirements (CET1 capital: 7.75%; total capital: 11.25%). As of 31 December 2020, SFIL's leverage ratio is 8.8% and exceeds the minimum 3% requirement. On 16 December 2010 and 13 January 2011, the Basel Committee on Banking Supervision (the "**Basel Committee**") published a revised framework ("**Basel III**"), including new capital and liquidity standards for credit institutions.

In particular, the changes introduced by Basel III refer to, amongst other things:

- a complete review of the capital standards (with for example a loss given default for institution at 45% instead of less than 10%);
- the introduction of a leverage ratio; and
- the introduction of short-term and longer-term standards for funding liquidity (referred to as the "*Liquidity Coverage Ratio*" and the "*Net Stable Funding Ratio*").

In December 2017, the Basel Committee finalised Basel III reforms. The revisions seek to restore credibility in the calculation of risk-weighted assets (RWAs) and improve the comparability of banks' capital ratios by:

- enhancing the robustness and risk sensitivity of the standardised approaches for credit risk, credit valuation adjustment (CVA) risk and operational risk;
- constraining the use of the internal model approaches, by placing limits on certain inputs used to calculate capital requirements under the internal ratings-based (IRB) approach for credit risk and by removing the use of the internal model approaches for CVA risk and for operational risk;
- introducing a leverage ratio buffer to further limit the leverage of global systemically important banks (G-SIBs); and
- replacing the existing Basel II output floor with a more robust risk-sensitive floor based on the Committee's revised Basel III standardised approaches.

Implementation dates and transitional arrangements related to the standards described above have been included

with a main trigger in January 2023. Basel III was implemented under EU legislation through the "**CRD IV package**" which consists of the Capital Requirements Directive n° 2013/36/EU dated 26 June 2013, the Capital Requirements Regulation n°575/2013 dated 26 June 2013 and the relevant subsequent Delegated Regulations. A number of new requirements arising from the CRD IV package was implemented under French law through Law no. 2013-672 dated 26 July 2013 relating to the separation and regulation of banking activities. The implementation of the CRD IV package at the legislative level was finalized under French law by Ordinance n°2014-158 dated 20 February 2014 and subsequent implementing decrees and "*arrêtés*".

The CRD IV package has been amended by Directive (EU) 2019/878 of the European Parliament and of the Council dated 20 May 2019 (the "**CRD V Directive**") and Regulation (EU) 2019/876 of the European Parliament and of the Council dated 20 May 2019 (the "**CRR II Regulation**" and, together with the CRD V Directive, the "**CRD V package**"), which were published in the European Union's Official Journal on 7 June 2019.

They notably provide for:

- leverage ratio calculation rules tailored to the specific nature of public development banks;
- a weighting of the Net Stable Funding Ratio tailored to encumbered assets included in the covered bond issuer's cover pool.

The CRD V package came into force on 27 June 2019. The CRD V Directive has been implemented under French law by an ordinance n°2020-1635 dated 21 December 2020 and a decree n°2020-1637 dated 22 December 2020. Certain portions of the CRR II Regulation apply since 27 June 2019 (including those applicable to the new requirements for own funds and eligible liabilities) while others shall apply several years after the date of its entry into force.

The implementation of Basel III and the CRD future packages, and any of their expected amendments, have and will continue to bring about a number of substantial changes to the current capital requirements, prudential oversight and risk-management systems of the Issuer. The direction and the magnitude of the impact of Basel III will depend on the particular asset structure of each bank and its precise impact on the Issuer cannot be quantified with certainty at this time. The Issuer may operate its business in ways that are less profitable than its present operation in complying with the new guidelines resulting from the transposition of the CRD future packages. In addition, the implementation of Basel III, the CRD V package, and any of their expected amendments could affect the risk weighting of the covered bonds in respect of certain investors to the extent that those investors are subject to the new guidelines resulting from the implementation of the CRD V package. This could materially affect the current capital requirements of the Issuer.

1.2 Risk arising from European and French laws and regulations and harmonization of the existing rules on covered bonds throughout the European Union

SFIL business operations are governed by European and French laws and regulations and are subject to supervision by the European Central Bank and by the *Autorité de Contrôle Prudentiel et de Résolution* (ACPR). Any changes to the current legislation (in particular for CAFFIL, legislation relating to the issuance of *obligations foncières* and the *privilège* attached to such *obligations foncières*) could adversely affect SFIL's business, financial condition, cash flows and results of operations.

Furthermore, any measure could have an impact on the legal and regulatory framework applicable to the *obligations foncières* in force at the date of this Base Prospectus. In particular, on 12 March 2018, the European Commission has published a proposal for a Directive and for a Regulation on the issue of covered bonds and covered bond public supervision (COM(2018) 94 final), which has been subject to a European Parliament legislative resolution on 18 April 2019.

On 27 November 2019, Directive (EU) 2019/2162 of the European Parliament and of the Council dated 27 November 2019 (the "**Covered Bond Directive**") and Regulation (EU) 2019/2160 of the European Parliament and of the Council dated 27 November 2019 (the "**Covered Bond Regulation**") were adopted.

The Covered Bond Directive and Covered Bond Regulation aim for the establishment of a framework to enable a more harmonised covered bond market in the EU. The Covered Bond Directive covers in particular requirements for issuing covered bonds, requirements for marketing covered bonds as "European Covered Bonds", structural features of covered bonds (asset composition, derivatives, liquidity, etc.) and regulatory supervision. The Covered Bond Regulation mainly amend Article 129 of Regulation (EU) No 575/2013 (Capital Requirements Regulation) and add requirements on minimum overcollateralisation and substitution assets. A minimum 5% overcollateralisation is required, based on a nominal calculation method. Member states are allowed to reduce this level to a minimum of 2% under certain conditions.

At this stage, no significant impact is identified in this new European framework for SFIL's subsidiary CAFFIL. Member States of the European Union will have to (i) implement the Covered Bond Directive into national legislation by 8 July 2021 (the French law n°2020-1508 dated 3 December 2020 authorises the French government to take the measures necessary to transpose the Covered Bond Directive by means of an ordinance by 8 July 2021 at the latest) and (ii) apply those measures at the latest from 8 July 2022. The final outcome is not yet known and, depending on the transposition, could adversely affect CAFFIL's business, financial condition, cash flows and results of operations.

1.3 Risks relating to any litigation with a counterparty/borrower or tax authority

SFIL is exposed to legal and tax risk which can be defined as the risk of any litigation with a counterparty/borrower or tax authority resulting from any misunderstanding, lack or insufficiency that may be attributed to the Company in the exercise of its activities. Certain legal and legislative trends in the EU local government and municipal lending market may expose SFIL to financial and reputational risk.

Caisse Française de Financement Local has, in its portfolio, some structured loans considered as sensitive, which had been granted to French public sector entities by Dexia Crédit Local before the acquisition of Caisse Française de Financement Local by SFIL. Certain of these customers initiated legal proceedings against Dexia Crédit Local, Caisse Française de Financement Local and/or SFIL claiming notably that such loans, including their annual rate of charge (TEG), were not valid and that Dexia Crédit Local did not provide mandatory information and advice prior to their signature.

Even if the number of lawsuits with borrowers is very limited at the date of this Base Prospectus (10 for around 15,000 borrowers for the sensitive loans portfolio, being noted that 213 borrowers cancelled their litigation proceedings since 2013) and that with two rulings dated 28 March 2018 and 26 June 2019 and two judgments dated 20 May 2020 and 12 November 2020, the *Cour de cassation* confirmed the validity of the structured loans carried on CAFFIL's balance sheet, there is a risk that one of linked court decision may be unfavourable to SFIL and CAFFIL. Such adverse court decision may have a negative impact on the reputation of SFIL. In the worst case, such litigation may lead to certain loans being declared void or voidable in whole or in part. It could also lead to a decrease of the contractual interest rate with retroactive effect and thus affect the hedging derivatives and the hedge relationship. In such cases, it may adversely affect cash flows, results of operations and financial condition of SFIL. As an illustration, the amount of tax liabilities and provisions for pending legal issues is EUR 5 million as of 31 December 2020.

2. Credit and counterparty risks

2.1 Risk of default

Credit risk represents the potential loss that SFIL may incur by reason of the deterioration of its counterparties' solvency. A default by any of its counterparties or clients could have a negative effect on its financial situation. A solvency default by a counterparty or client could generate significant liquidity problems and cause other institutions to default. The stability of such institutions depends greatly on the trends in the market, notably through credit and other financial flows linking these institutions together. This risk can adversely affect the financial intermediaries, banks and depositories with which SFIL operates daily which may therefore adversely affect its income, returns and solvency.

SFIL faces credit risk on its loans and bonds portfolio, including its treasury portfolio. SFIL's portfolio is principally made up of exposures on public borrowers. The ability of public sector borrowers, including local authorities and municipalities, to meet their payment obligations may be affected by their levels of indebtedness, social spending obligations, interest rates and tax revenue collections, transfers of subsidies from the central governments, each of which could be adversely affected by a deterioration of general economic conditions, such as economic and financial impact of the Covid-19 crisis or such as impacts related to climate change. Deteriorating economic conditions could therefore have an adverse effect on the credit quality of the assets of SFIL.

SFIL also refinance export credits. Since the launch of this activity in 2015, total production reached EUR 8.3 billion at the end of 2020. These loans benefit from guarantee provided by the French State through BPI Assurance Export. These loans are thus considered as exposures to the French State. The French State's ability to meet its payment obligations may be affected by its levels of indebtedness, social spending obligations, interest rates and tax revenue collections, each of which could be adversely affected by a deterioration in general economic conditions. Deteriorating economic conditions could therefore have an adverse effect on the probability of default

of these assets.

The impact of the Covid-19 crisis on credit risk was very limited since, as of 31 December 2020, the 65 French borrowers who had requested new payment terms representing a maturity amount of EUR 18.6 million, 55 of which reimbursed their maturities in line with the agreed deadline. Overall, balances due resulting from payment delays only amounted to EUR 0.9 million at the end of 2020.

The only significant impact on credit risk concerns the cruise sector, whose debt is fully guaranteed by Bpifrance Assurance Export in the name and on behalf of the French State in principal and interest, and which will have generated an increase in provisions of EUR 14.8 million at the end of 2020.

With regard to liquidity, the Covid-19 crisis did not affect the SFIL Group's issuance program overall during the year 2020. This amounted to EUR 7.2 billion in 2020, i.e. EUR 1.1 billion more than in 2019. The normalization of the financial markets from mid-April 2020, thanks in particular to the vigorous and rapid action of the central banks, enabled the SFIL Group to resume its financing program, which it had voluntarily interrupted for one month given the level of refinancing spreads. It was thus able to complete the entire annual financing plan scheduled from the end of November 2020, at an average level of spread in line with the budget.

As an illustration, exposure to credit risk, which is measured using the "Exposure at Default" (EAD) metric, amounted to EUR 76.3 billion as of 31 December 2020 (excluding fixed assets and accruals and other liabilities):

- nearly 60% of this exposure originates from French local public administrations (regions, departments and municipalities);
- 18% of this exposure originates from central government entities, of which 65% from the export credit business;
- 11% of the exposure originates from French public sector entities, of which 83% from public stakeholders in the hospital sector.

Please see below "Exposure at Default" (EAD) figures crossing sector entities with geographic areas extract from the Pillar III report as of 31 December 2020:

In EUR millions as of 31 December 2020	Public sector entities	Sovereigns	Financing institutions	Other	TOTAL
France	52,950	11,008	2,005	43	66,006
Italy	3,534	2,286	2	-	5,821
Other (EU and outside EU)	740	251	2,104	13	3,107
United States and Canada	434	-	360	-	794
Switzerland	611	-	0	-	611
OVERALL TOTAL	58,268	13,544	4,471	56	76,339

For this exposure, arrears, non-performing loans and provisions are as following:

- arrears as of 31 December 2020: EUR 37 million (0.06 % of CAFFIL's cover pool);

- doubtful and litigious loans (French accounting standards) at the CAFFIL level: EUR 212 million (of which loans with no arrears EUR 123 million);
- net amount of financial assets and financing commitments classified under stage 3: EUR 584 million (of which loans with no arrears amounted to EUR 553 million);
- non-performing exposures: EUR 721 million (of which loans with no arrears amounted to EUR 614 million).

The French local public sector financing activity had a very strong year despite the crisis. The EUR 5.6 billion production is close (-3%) to that of 2019, even though 2019 was a record year.

As part of the national mobilization to fight Covid-19, SFIL has decided to deploy two approaches to support borrowers faced with difficulties due to the Covid-19 crisis:

- one, proactive and systematic, by proposing payment terms to all healthcare entities in recognition of their exceptional involvement in the Covid-19 pandemic. SFIL proposed payment terms of 180 days to these borrowers for all of their loan contract with maturities between 12 March and 30 June 2020, without any late interest or penalties being invoiced. As at 31 December 2020, 27 public health institutions had benefited from these payment terms from SFIL;
- the other approach is to respond to requests from local authorities and equivalent faced with temporary cash flow difficulties due to the Covid-19 crisis caused by the decline in revenue from specific activities, related to economic and touristic activities (cinemas, swimming pools, car parks, thermal baths, etc.), on a case by case basis. As of 31 December 2020, 65 local authorities have requested SFIL to obtain payment terms, which represented only 0.6% of local authorities with maturities over this period and less than 2% by amount.

As a public development bank and the leading financier of public hospitals in partnership with La Banque Postale ("LBP"), SFIL supported all health institutions as part of the national mobilization to fight against the global pandemic. SFIL proposed offset payment of 6 months without late payment interest and penalties, for their loan maturities between 12 March 2020 and 30 June 2020.

The following tables present the details of the payment delays operations granted as at 31 December 2020 to health institutions, according to the format proposed by the European Banking Authority in its guidelines GL/2020/07 appendix 3 of 2 June 2020 on the publication of information concerning the measures implemented by institutions in response to the Covid-19 pandemic (table no. 3 of the EBA concerning Information on newly originated loans and advances provided under newly applicable public guarantee schemes introduced in response to Covid-19 crisis is not applicable to SFIL):

– Information on outstanding loans to health institutions that have been subject to payment delays:

	Gross carrying amount (in EUR)						
		Performing loans			Non-performing loans		
			Of which exposures with forbearance measures	Of which instruments with significant increase in credit risk since their initial recognition, but which are not doubtful (Stage 2)		Of which exposures with forbearance measures	Of which unlikely to pay that are not past due or past due <= 90 days
Loans subject to payment delays	224,870,109	204,975,936	-	-	19,894,172	-	-
Accumulated impairment, Accumulated negative changes in fair value due to credit risk (in EUR)							

		Performing loans			Non-performing loans		
			Of which exposures with forbearance measures	Of which instruments with significant increase in credit risk since their initial recognition, but which are not doubtful (Stage 2)		Of which exposures with forbearance measures	Of which unlikely to pay with past due or past due <= 90 days
Loans subject to payment delays	(1,987,471)	(1,604,164)	-	-	(383,306)	-	-

The absence of new non-performing exposure flows in gross carrying amount should be noted.

- Breakdown of the payment delay granted to health institutions by residual maturity:

	Number of obligors	Gross carrying amount (in EUR)							
			Of which legislative moratoria	Of which expired	Residual maturity of payment delays				
					<= 3 months	> 3 months <= 6 months	> 6 months <= 9 months	> 9 months <= 12 months	> 1 year
Loans for which payment delays was offered	27	224,870,109							
Loans for which payment delays have been granted	27	224,870,109	-	224,870,109	-	-	-	-	-

Requests for payment delays were also received from certain local authorities or French public sector entities. The Covid-19 epidemic had a more significant impact on the export credit portfolio, and specifically on the financing of cruise ships built by the Chantiers de l'Atlantique, due to the interruption of cruise operations. The entire portfolio was placed on the watchlist. However, all of the export credit portfolio is 100% guaranteed by the French Republic via Bpifrance Assurance Export credit insurance policies which explains that the risk attached to this portfolio remains moderate.

2.2 Risk of geographic concentration

The vast majority of the assets (near 90%, excluding replacement assets and cash), measured by principal amount of the assets, is concentrated in France. The ability of the French State and local authorities and municipal borrowers and guarantors, like other public sector borrowers, to meet their obligations will be affected by the economic factors noted above. Adverse changes in the financial, economic and fiscal conditions within France, such as the economic and financial impact of the Covid-19 crisis, may have significant consequences for the French public sector borrowers.

Furthermore, SFIL holds a significant amount of assets representing lending to borrowers in other countries than

France and in particular in Italy. These assets are now managed in a run-off mode. Adverse financial, economic and fiscal conditions in these economies, such as the economic and financial impact of the Covid-19 crisis, and perceived weaknesses of a country's financial situation may also have an adverse impact on the credit quality of the assets and consequently potentially adversely affect the Issuer.

2.3 Risk of default of bank counterparties

SFIL enters into derivative transactions with a number of bank counterparties as part of its currency and interest rate hedging operations. These derivatives are governed by master agreements that provide for the bilateral exchange of collateral or unilateral exchange of collateral in favour of CAFFIL. When a derivative is entered into between SFIL and CAFFIL, SFIL is unilaterally posting collateral to CAFFIL. In this last hypothesis, SFIL benefits for its derivative exposures on CAFFIL from the legal *privilège, pari passu* with the covered bonds (*obligations foncières*) of CAFFIL. As an illustration, exposure to credit risk for financial institution (reported in the Pillar III report), which is measured using the "Exposure at Default" (EAD) metric, amounted to EUR 4 billion (6% of total EAD amount) as of 31 December 2020.

While having collateral agreements and hedging derivatives with a large number of counterparties is designed to mitigate risk, SFIL is nonetheless exposed to the risk of default of its derivative counterparties. This could adversely affect cash flows, results of operations and financial condition of SFIL.

The assets of SFIL are invested in various types of debt instruments, including cash investment securities issued by banks. SFIL is therefore exposed to the evolutions of the value of its portfolio in case of decrease in the prices of these financial assets and is also exposed to counterparty risks in relation to these financial assets. The financial situation of certain of these counterparties could be adversely affected by the Covid-19 crisis. In such cases, it may adversely affect cash flows, results of operations and financial condition of SFIL.

3. Financial risks

3.1 Credit rating of SFIL will be affected by the credit rating of the French State

The shareholding structure of SFIL, parent company of Caisse Française de Financement Local changed in 2020. On 30 September 2020, the French State, Caisse des dépôts et consignations ("**CDC**") and LBP announced the finalization of the acquisition by CDC (that held a 20% stake to date) of all of the SFIL shares held by LBP (i.e. 5%) and of all of the shares held by the State (i.e. 75%), with the exception of one ordinary share that the State retained in accordance with the terms of the agreement announced on 9 October 2019 and 4 March 2020. CDC is SFIL's new reference shareholder. The State will continue to have a seat on SFIL's Board of Directors by means of a non-voting director, in view of the public interest missions entrusted to SFIL.

SFIL's shareholding structure is still fully public. Its shareholders will ensure that SFIL's financial solidity is preserved and its economic base protected and will continue to provide it with the necessary support, in accordance with the applicable regulations. CDC confirmed its commitment in a letter of support, completed by a letter of support from the State, in the context of SFIL's continuing status as a State-owned development bank.

While the rating of SFIL by S&P Global Ratings Europe Limited ("**S&P**") remains unchanged, S&P has modified the rating methodology applied by abandoning the rating based on the bank methodology and now retaining a rating based on the rating of the French State. Similarly, in early February 2021, DBRS Ratings GmbH ("**DBRS**") aligned its rating of SFIL on that of the French State.

As of 31 December 2020, the French State has been assigned a rating of Aa2 with a stable outlook by Moody's France SAS ("**Moody's**"), AA with a stable outlook by S&P and AA (high) with a stable outlook by DBRS. CDC has been assigned a rating of Aa2 with a stable outlook by Moody's and AA with a stable outlook by S&P. SFIL's long term senior debt has been assigned a rating of Aa3 with a stable outlook by Moody's, AA with a stable outlook by S&P and AA (high) with a stable outlook by DBRS.

The credit rating of SFIL is closely linked to that of the French State. Moreover, in the context of its activities of refinancing large export credits, SFIL also grants export credit loans that are 100% insured by the French State and managed by the French public export credit agency under its control, on its behalf and in its name. The export credits are thus considered as exposures to the French State. The French State's ability to meet its payment obligations may be affected by its levels of indebtedness, social spending obligations, interest rates and tax revenue collections, each of which could be adversely affected by deterioration in general economic conditions. Deteriorating economic conditions, such as those that could result from the Covid-19 crisis, could therefore have an adverse effect on the credit quality of the assets of SFIL.

In the event of a downgrade of the credit rating of the French State, ratings of SFIL and of the Notes may be affected. If the credit rating of the Notes were reduced due to these factors, such downgrade may adversely affect the value of SFIL's outstanding Notes, increase SFIL's cost of borrowing and adversely affect SFIL's ability to issue new Notes.

3.2 Risk of a liquidity shortfall that may affect the Issuer's ability to settle its debt commitments in a timely fashion

Liquidity risk can be defined as the risk that SFIL may not be able to find the necessary liquidity to cover the financing needs related to its activity, and/or may not be able to settle its liabilities in due date. There is a risk that SFIL cannot sell a financial asset at its true value or cannot sell it at all. As a consequence, SFIL faces the risk that it cannot meet its obligations, such as being unable to reimburse its counterparties or investors.

The Group's liquidity requirements are mainly of three types: (i) financing of assets, including those on CAFFIL's balance sheet to cover the covered bonds (*obligations foncières*) that CAFFIL issues, (ii) financing of liquidity needs linked to compliance with regulatory ratios including its subsidiary CAFFIL collateral ratio and (iii) financing of the cash collateral of hedging derivatives intermediated by SFIL between CAFFIL and external bank counterparties. Liquidity needs may increase in case of adverse market conditions.

As SFIL turns to the market for short-, medium- or long-term financing, prolonged disruptions, uncertainty or volatility in the debt markets may limit SFIL's ability to access funding, particularly its ability to issue longer-dated securities in international capital markets. The Covid-19 crisis has severely impacted financial markets in 2020. These market conditions may limit SFIL's ability to replace, in a timely manner, maturing liabilities. SFIL may also be forced to delay raising longer term funding, rely on shorter term funding than it would prefer to, or pay higher interest rates, thereby increasing its debt expense, decreasing its profitability and significantly reducing its financial flexibility. In such cases, it may adversely affect cash flows, results of operations and financial condition of SFIL. As an illustration, as of 31 December 2020, LCR ratio reached 193% and the amount of liquidity reserves amounted to EUR 34.4 billion.

3.3 SFIL may be exposed to risks linked to its hedging operations

SFIL is exposed to an interest rate risk as a result of unanticipated changes in the assets due to, for example, the default, pre-payment or renegotiation of loans. The level of this exposure may increase in the future with new commercial loans. These unanticipated changes in assets, or in interest rate curve may adversely affect SFIL's business, financial condition, cash flows and results of operations.

Market risk is limited to the market risk of the trading portfolio on a consolidated basis. SFIL does not carry out trading operations and is therefore not subject to market risk in the regulatory sense of the term. Moreover, on a consolidated basis, all swaps are carried out for hedging purposes. Nonetheless, for loans hedged using derivatives and becoming non performing, the corresponding derivatives become subject to market risk in the regulatory sense of the term if the accounting hedge relationship is broken. In addition, the positions or activities of the banking book of SFIL, which are monitored in terms of non-regulatory market risks, pose a risk resulting from exposure to the volatility of market parameters. There also are other non regulatory market risks such as changes in accounting value based on derivatives. This risk has to be assessed considering that global debt markets have experienced historic levels of volatility and the outlook is uncertain. Besides, some derivatives are not recorded in a hedging relationship. That result from derivatives that hedge the foreign exchange risk related to export credit financing loans denominated in a currency other than the euro, and that are concluded before the end of the drawing phase of the hedged loans. Hedging of currency risk relating to monetary assets or liabilities cannot be documented, in accordance with IAS 39, before they are recorded in the entity's balance sheet. Therefore, these market risks exist and any decline in the debt markets could have an adverse effect on the financial situation, operations and cash flows of SFIL.

As an illustration, based on a dynamic vision of the balance sheet and taking into account the renewal of operations on the basis of the outstandings recorded as of the closing date (projected at constant outstandings), as of 31 December 2020, the net interest rate margin sensitivity over 12 months is:

- for a parallel increase in rates of 200 bps: a decrease of EUR 32 million; and
- for a parallel decrease in rates of 200 bps: an increase of EUR 15 million.

4. Operational and non-compliance risks

4.1 Non-Compliance risk

The risk of non-compliance is the risk of a legal, administrative or disciplinary sanction, of a significant financial loss or of a denigration of reputation caused by the non-respect of procedures specific to banking and financial activities, whether they are of legislative or regulatory nature.

SFIL strives to comply with all laws, regulations, professional standards or recommendations that apply to it. However, as compliance requirements become more stringent, SFIL is exposed to the risk of non-compliance, *i.e.* the inability to comply with them in full.

The SFIL Group's non-compliance risks are divided into two major categories: regulatory compliance risks and financial security risks:

Regulatory compliance risks						Financial security risks		
Ethics and prevention of conflicts of interest	Integrity markets	Protection of customers' interests	Fight against corruption	Protection of personal data	Tax transparency	Know your Customer (KYC)	AML/CFT	Sanctions, asset freezes and embargoes

In addition to the damage to its reputation, non-compliance would expose SFIL to various types of litigation, sanctions, fines or costs relating to failure to comply with above mentioned provisions, that may adversely affect SFIL's business, financial condition, cash flows and results of operations. This risk is further enhanced by the increased level of supervision of financial institutions by the relevant authorities.

4.2 Operational Risks

SFIL defines operational risk as the risk of loss due to inappropriate, or failure of, procedures, individuals or systems, or loss resulting from external events. As of 31 December 2020, Risks Weighted Assets (RWA) affected to operational risk (reported in the Pillar III report and calculated on standard approach) amounted to EUR 332 million (7 % of total RWA).

The main operational risks can be divided into the following categories:

- risk of internal or external fraud: from an employee or a third party, especially in case of cyber-attack;
- human resources and skills risk: the risk of skills management is a risk identified as high since the creation of SFIL due to several factors:
 - an activity requiring expertise in certain fields linked to the specificity of SFIL (local public sector, balance sheet management, covered bonds, etc.) associated with the limited number of key skills in certain teams due to their reduced size,
 - a company present on the banking job market but with a lack of notoriety on this market in the first years of its existence due to its youth and fact,
 - complex recruitments accentuated in certain areas by a tension on certain skills (in particular on internal models, on balance sheet management or on financial security),
 - structuring development projects both in the extension of the activity, in the regulatory evolution but also in the recasting of the informatics service which required the integration of external skills, parties at the end of the project and whose the expertise then had to be internalized, in a context of managing overhead costs under control.

The consequences of this risk are mainly operational in nature through errors, malfunctions and delays in the performance of activities. This risk is regularly monitored via controls and indicators (such as the turnover rate or the percentage of people with experience of more than 1 year in certain teams).
- risks relating to information systems which include risks relating to the planning of systems development, risk of design, development, maintenance and security of applications, and risks related to the use of applications and softwares;

- risks relating to the conduct of operations (in particular, risks relating to the EU local authority and municipal lending market): information reliability, compliance with procedures, reliability of deliverables, human errors and inadequate monitoring of activities;
- risks relating to operational organisation: this risk relates to the inadequacy of the strategy and organisation of SFIL, the inefficiency of defined processes or inappropriate definition of interfaces;
- risks relating to compensation delays in relation to insurance policies, including insurance on export credit;
- security risks: this risk relates to the continuity and resumption of activities (including the establishment of a business continuity plan), goods and individuals;
- commercial and partnership risks: risks regarding the default of a partner, the sharing of responsibilities, commissioning, products distribution, knowledge of clients' needs and ethics;
- risks relating to professional conduct: the risk of a failure to comply with professional conduct when dealing with clients and the reputational risk linked to this failure to comply. In particular, this could be linked to a failure to comply with the laws governing EU local authority and municipal lending or a failure by CAFFIL to comply with the legislation applicable in France to covered bonds (*obligations foncières*) or a failure to comply with export credit regulations;
- risks relating to failure of anti-money laundering policies; and
- model risk: risk relating to decisions based on internal model results due to errors in their development implementation or use.

The occurrence of any such above mentioned operational risks may affect negatively SFIL's business, profits and financial situation.

5. **Business activity risk**

5.1. *SFIL may face a decrease in its activity and its margins in the local authority and municipal lending market or in the refinancing of export credit*

SFIL may face increasing competition in the local government lending market or in the refinancing of export credit. In France, where it will source its new assets, competition may increase from French universal banks. As an illustration, in 2020, SFIL and La Banque Postale partnership consolidated their leadership position with EUR 5.6 billion loans production (source: Observatoire Finance Active March 2021).

Even if competitive pressure seems to have lowered in 2019 and 2020, certain SFIL's and La Banque Postale's competitors may be larger and better capitalized than SFIL, or benefit from other funding sources at a different cost than market funding used by the SFIL Group. Consequently, SFIL may face pricing pressure in certain areas of its operations in the future as competitors seek to increase market share by reducing prices or offering new services at low prices. The municipal market competition could intensify, which may result in narrower lending spreads. This could make it more difficult for SFIL to purchase or originate new eligible loans and credit exposures with a sufficient margin to be refinanced by the Notes. Existing or increased competition in the French municipal banking sector or in the refinancing of export credit may lead to a reduction of margins for new commitments and ultimately to a strong reduction of new assets lending for SFIL, or otherwise materially affect SFIL's business, financial condition, cash flows and results of operations.

Furthermore, for the refinancing of export credit, the short-term effect of the Covid-19 crisis has led to a general slowdown in the pace of contract negotiations in 2020. A single dossier was signed in 2020 for EUR 0.2 billion in the field of renewable energies in Europe. Since the launch of this mission mid-2015, the total volume refinanced by the SFIL Group stands at EUR 8.3 billion for EUR 15 billion in total export credits. On average, over the last four years, SFIL's contribution of liquidity to the refinancing of major export credits represents more than 40% of the market¹.

The amounts of loans to the local authorities and municipalities bought from La Banque Postale or the export credit market guaranteed by the French State may not remain at their current level, particularly in the uncertain environment that will prevail in the context of exiting the Covid-19 crisis.

5.2. *Risk relating to the public policy missions with which SFIL has been entrusted by the French State and the authorization to operate or the agreements with the assets providers may not be extended*

SFIL has been entrusted by the French State, with the two following public policy missions:

- in 2013, to fund the needs of the French local public sector and public hospitals. LBP, which will retain a central role in the system, decided to renew its partnership early with SFIL until end 2026 for the commercialization of medium- and long term loans to local authorities and public hospitals;
- in 2015, to refinance large French export contracts, with the objective to support French exports in terms of financial competitiveness. In this context, loans granted by SFIL are guaranteed by the French State. The European Commission's authorization for the export credit refinancing activity carried out by Bpifrance Assurance Export on behalf of the State was renewed on 7 May 2020 based on the maintained diagnosis of a market failure for export credit refinancing and the appropriate and necessary nature of the intervention of a public development bank, such as SFIL, to remedy it. The duration of this authorization was extended to 7 years (instead of 5 years for the first), expiring in 2027. In addition to this, on 9 March 2018, the French government announced its plan to create a new guarantee analogous to export credit insurance, which will cover the financing of large projects deemed strategic for France's economy. The financing of these projects will benefit from the French State guarantee with no precondition of underlying exports. After obtaining the necessary authorizations, SFIL will be able to participate in the scheme and be refinanced by CAFFIL using the enhanced guarantee mechanism (irrevocable and unconditional 100% guarantee by the French State). Since 2015, SFIL's market share of this activity has remained above 40% (source: <https://www.txfnews.com/>).

If one of these two public policy missions of SFIL were to be modified by the French State, it could lead to a strong reduction of new assets and more generally it could materially affect SFIL's business, financial condition, cash flows and results of operations.

Moreover, changes in regulation could lower advantage for collateral providers of using SFIL as a refinancing tool. More generally, the authorization to operate or the agreements with the assets providers may not be renewed. In such a case, this could make it more difficult for SFIL to purchase or originate new eligible loans and credit exposures and lead to a strong reduction of new assets, or otherwise adversely affect SFIL's business, financial condition, cash flows and results of operations.

II. RISKS RELATING TO THE NOTES

A. RISKS RELATING TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES

(i) Interest rate risks related to the Notes

Fixed Rate Notes

Condition 5(b) of the Terms and Conditions of the Notes allows for the issuance of Notes that pay a fixed rate of interest to Noteholders. Investors in Fixed Rate Notes are exposed to the risk that subsequent changes in interest rates may adversely affect the value of the Notes.

While the nominal interest rate of a Fixed Rate Note is determined during the term of such Note or within a given period of time, the market interest rate typically varies on a daily basis. As the market interest rate changes, the price of the Fixed Rate Note varies in the opposite direction. If the market interest rate increases, the price of the Fixed Rate Note typically decreases, until the yield of such Fixed Rate Note equals approximately the market interest rate. If the market interest rate decreases, the price of the Fixed Rate Note typically increases, until the yield of such Fixed Rate Note equals approximately the market interest rate.

Movements of the market interest rate can adversely affect the price of the Fixed Rate Note and can lead to losses if they sell Notes during the period in which the market interest rate exceeds the fixed rate of such Note. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant adverse effect on the price of the Notes and cause Noteholders who sell Notes on the secondary market to lose part of their initial investment.

Floating Rate Notes

Condition 5(c) of the Terms and Conditions of the Notes allows for the issuance of Notes that pay a floating rate of interest to Noteholders. A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income

on Floating Rate Notes cannot be anticipated. Due to varying interest income, it is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant adverse effect on the yield of Floating Rate Notes at the time the investors purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Terms and Conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to issue Fixed Rate Notes may affect the market value and secondary market (if any) of the Floating Rate Notes (and *vice versa*).

Fixed/Floating Notes

Condition 5(e) of the Terms and Conditions of the Notes allows for the issuance of Fixed/Floating Notes which bear interest at a rate that converts either automatically or at the option of the Issuer from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market, the yield on, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. If the Issuer converts from a Fixed Rate to a Floating Rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new Floating Rate at any time may be lower than the rates on other Notes. Where the Notes convert from a Floating Rate to a Fixed Rate, the Fixed Rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes. Therefore, investors could receive a lower return on the Notes and, as a result, lose all or part of their investment in the Notes.

Inflation Linked Notes

Condition 5(c) of the Terms and Conditions of the Notes allows for the issuance of Notes with principal or interest determined by reference to the rate of inflation in France or in the European Monetary Union ("**Inflation Linked Notes**"). Inflation Linked Notes are securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of one or more inflation indices, which themselves may contain substantial credit, interest rate, foreign exchange, time value, political and/or other risks and will be one of (i) the consumer price index (excluding tobacco) for all households in France or the relevant substitute index, as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* ("**INSEE**"), or (ii) the harmonised index of consumer prices (excluding tobacco), or the relevant substitute index, measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (each an "**Inflation Index**" and together, the "**Inflation Indices**"). If the value of the relevant index calculated at any time prior to the maturity date is lower than the value of the relevant index at the time of the issue of the Notes or at the time of purchase by the Noteholders, then the amount of interest payable by the Issuer and/or the principal of Inflation Linked Notes may vary. Noteholders may receive no interest.

Each Noteholder linked to an Inflation Index may receive a Redemption Amount in respect of any Inflation Linked Notes, which will be determined on the basis of a formulae and by reference to a ratio IIR (as defined in Condition 6(e) of the Terms and Conditions of the Notes). If the calculated Redemption Amount is below par, the Notes will be redeemed at par. An investment in Inflation Linked Notes therefore entails significant risks which include, among other things, the possibility that:

- such inflation indices may be subject to significant changes, whether due to the composition of any such inflation index itself, or because of fluctuations in value of the inflation indices;
- the resulting interest rate will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at the same time;
- it may not be possible for investors to hedge their exposure to these various risks relating to Inflation Linked Notes.

In addition, the value of Inflation Linked Notes on the secondary market is subject to greater levels of risk than the value of other Notes and the market price of such Notes may be very volatile. The secondary market, if any, for Inflation Linked Notes will be affected by a number of factors, independent of the creditworthiness of the Issuer and the value of the applicable inflation index, including the volatility of the applicable inflation index, the time remaining to the maturity of such Notes, the amount outstanding of such Notes and market interest rates. The value of the applicable inflation index depends on a number of interrelated factors, including economic, financial and political events, over which the Issuer has no control.

Holders of Inflation Linked Notes are exposed to the risk that changes in the levels of the Inflation Indices may adversely affect the value of such Notes and as a result, investors could lose part of their investment.

Reform and regulation of Benchmarks

Pursuant to Condition 5(c) and where the relevant Final Terms for a Series of Floating Rate Notes identifies that the Rate of Interest for such Floating Rate Notes will be determined by reference to interest rates and indices, which are deemed to be Benchmarks (such as CMS Rate, EURIBOR, €STR, LIBOR, SARON, SOFR, SONIA, TEC 10 or any other reference rate specified in the relevant Final Terms), such Benchmarks are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such Benchmarks to perform differently from the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences that cannot be predicted. Any such consequence could have an adverse effect on any Floating Rate Notes linked to or referencing such a Benchmark.

Regulation (EU) 2016/1011 of the European Parliament and of the Council dated 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "**Benchmarks Regulation**") entered into force on 30 June 2016, with the majority of its provisions applying from 1 January 2018.

The Benchmarks Regulation (i) requires benchmark administrators to be authorised or registered (or, if non-EU based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of "benchmarks" (or, if non-EU based, to be subject to equivalent requirements) and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, deemed equivalent or recognised or endorsed). In the United Kingdom, the Benchmarks Regulations as it forms part of domestic law by virtue of European Union (Withdrawal) Act 2018 provides for equivalent sets of rules.

The Benchmarks Regulation could have a material impact on any Floating Rate Notes traded on a trading venue or via a "systematic internaliser" linked to or referencing a Benchmark. Notably, the methodology or other terms of the Benchmark could be changed in order to comply with the terms of the Benchmarks Regulation, and such changes could, among other things, have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level of the Benchmark. This could potentially lead to the Floating Rate Notes being de-listed, adjusted or redeemed early or otherwise impacted depending on the particular Benchmark and the applicable terms of the Floating Rate Notes or have other adverse effects or unforeseen consequences.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of Benchmarks or any further uncertainty in relation to the timing and manner of implementation of such changes, could increase the costs and risks of administering or otherwise participating in the setting of a Benchmark and complying with any such regulations or requirements. Such factors may have the following effects on certain Benchmarks (such as CMS Rate, EURIBOR, €STR, LIBOR, SARON, SOFR, SONIA, TEC 10 or any other reference rate specified in the relevant Final Terms): (i) discourage market participants from continuing to administer or contribute to such Benchmarks, (ii) trigger changes in the rules or the methodologies used in such Benchmarks or (iii) lead to the disappearance of such Benchmarks. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have an adverse effect on the market value of and return on any Floating Rate Notes linked to or referencing a Benchmark.

In particular, on 5 March 2021, the United Kingdom Financial Conduct Authority (the "**FCA**") announced the future cessation or loss of representativeness of the 35 LIBOR benchmark settings published by ICE Benchmark Administration ("**IBA**"). In particular it announced that (i) the publication of 24 LIBOR settings (as detailed in the FCA announcement) will cease immediately after 31 December 2021, (ii) the publication of the overnight and 12-month U.S. dollar LIBOR settings will cease immediately after 30 June 2023, (iii) immediately after 31 December 2021, the 1-month, 3-month and 6-month sterling LIBOR settings will no longer be representative of the underlying market and economic reality that they are intended to measure and representativeness will not be restored (and the FCA will consult on requiring the IBA to continue to publish the three remaining sterling LIBOR settings for a further period after end-2021 on a synthetic basis) and (iv) immediately after 30 June 2023, the 1-month, 3-month and 6-month U.S. dollar LIBOR settings will no longer be representative of the underlying market and economic reality that they are intended to measure and representativeness will not be restored (and the FCA will consider the case for using its proposed powers to require IBA to continue publishing these settings on a synthetic basis, for a further period after end June 2023 taking into account views and evidence from the US authorities and other stakeholders).

If a benchmark were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Floating Rate Notes (it being specified that if the Reference Rate has been discontinued or a Benchmark Event has occurred, a specific fall-back shall apply - please refer to the risk factor entitled "*The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Notes linked to or referencing such Benchmarks*" below). However, such fall-back provisions may be deviated from if deemed unsuitable by the Commission or the relevant national authority, as further explained below.

Depending on the manner in which a benchmark rate is to be determined under the Terms and Conditions, this may (i) if ISDA Determination or FBF Determination applies, be reliant upon the provision by reference banks of offered quotations for the benchmark rate which, depending on market circumstances, may not be available at the relevant time or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied in the previous period when the benchmark was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Notes linked to or referencing a Benchmark.

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021.

The Benchmarks Regulation was further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 which introduces a harmonised approach to deal with the cessation or wind-down of certain Benchmarks (such as EURIBOR or LIBOR) by conferring the power to designate a statutory replacement for said Benchmarks on the Commission or the relevant national authority, such replacement being limited to contracts and financial instruments (such as certain Notes issued under the Programme) which contain no fallback provision or no suitable fallback provisions before the date of cessation of the Benchmark concerned. For instance, if pursuant to a fallback provision included in the Condition 5(c)(iv) of the Terms and Conditions of the Notes a Benchmark is replaced by a Benchmark which no longer reflects or which significantly diverges from the underlying market or the economic reality that the Benchmark in cessation is intended to measure, a statutory replacement of such Benchmark may be designated. This replacement could have a negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such Benchmark and may not operate as intended at the relevant time or may perform differently from the discontinued or otherwise unavailable Benchmark.

In addition, Regulation (EU) 2021/168 is subject to further development through delegated regulations, the transitional provisions applicable to third-country Benchmarks are extended until the end of 2023 and the Commission is empowered to further extend this period until the end of 2025, if necessary. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations.

Risks related to Notes which are linked to €STR, SARON, SOFR and SONIA

The market continues to develop in relation to adoption of risk free rates (including overnight rates) as reference rates for Floating Rate Notes. These new overnight risk-free rates are still however in very early stages of development and they may not be widely adopted by market users.

The Final Terms for a Series of Floating Rate Notes may provide that the Rate of Interest for such Notes will be determined by reference to such overnight risk-free rates such as the Euro short term rate ("**€STR**"), the Swiss Average Rate Overnight (the "**SARON**"), the Secured Overnight Financing Rate (the "**SOFR**") or the Sterling Overnight Index Average (the "**SONIA**").

The market or a significant part thereof may adopt an application of €STR, SARON, SOFR and SONIA that differs significantly from that set out in the Terms and Conditions of the Notes and used in relation to Floating Rate Notes issued under this Base Prospectus that reference €STR, SARON, SOFR or SONIA.

The nascent development of these overnight risk-free rates as interest reference rates for the Eurobond markets, as well as continued development of such rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Floating Rate Notes. The return on and value of €STR-, SARON-, SOFR- or SONIA-linked Notes may fluctuate more than Notes that are linked to less volatile rates. Since overnight risk-free rates are relatively new market indexes, the Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Investors in the Notes may not be able to sell the Notes at all or may not be able to sell

the Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Interest on Floating Rate Notes that reference €STR, SARON, SOFR or SONIA is only capable of being determined at the end of the relevant Interest Period and shortly prior to the relevant Interest Payment Date. It may be difficult for investors in Floating Rate Notes that reference €STR, SARON, SOFR or SONIA to reliably estimate the amount of interest that will be payable on such Floating Rate Notes.

The mismatch between the adoption of such reference rates across these markets may impact negatively any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Floating Rate Notes referencing €STR, SARON, SOFR or SONIA.

The discontinuance of a reference rate or occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Notes linked to or referencing such Benchmarks

Where FBF Determination, ISDA Determination or Screen Rate Determination are specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined and the reference rate has been discontinued or a Benchmark Event (only applicable for Screen Rate Determination, as further described in Condition 5(c)(iv)(D) of the Terms and Conditions of the Notes) has occurred, the Rate of Interest on the affected Floating Rate Notes will be changed in ways that may be adverse to holders of such Floating Rate Notes, without any requirement to obtain the consent of such holders.

Pursuant to the Terms and Conditions of any Floating Rate Notes for which Screen Rate Determination is specified, such fallback arrangements include the possibility that the Rate of Interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in Condition 5(c)(iv)(D) of the Terms and Conditions of the Notes), and may include concomitant changes to the Terms and Conditions of the Notes necessary to make the Successor Rate or Alternative Rate (as defined in Condition 5(c)(iv)(D) of the Terms and Conditions of the Notes) as comparable as possible to the previous Reference Rate, all as determined by the Independent Adviser and without the consent of the Noteholders.

In certain circumstances, including where no Successor Rate or Alternative Rate (as applicable) is determined or due to the uncertainty concerning the availability of Successor Rates or Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time and the Successor Rate or Alternative Rate may perform differently from the discontinued or otherwise unavailable Benchmark.

If the Independent Adviser is unable to determine an appropriate Successor Rate or Alternative Rate for any Reference Rate on or prior to the next following relevant Floating Rate Determination Date, then the provisions for the determination of the Rate of Interest on the affected Floating Rate Notes will not be changed. In such cases, the Terms and Conditions of the Notes provide that the Rate of Interest on such Floating Rate Notes shall be the Rate of Interest determined on the previous relevant Floating Rate Determination Date, as determined by the Calculation Agent (*i.e.* which may result in the effective application of a fixed rate). In such circumstances and a rising interest rate environment, Noteholders will, consequently, not benefit from any increase in rates. The trading value and return of such Floating Rate Notes could therefore be adversely and materially affected.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes. Investors should note that, the Independent Adviser will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected commercial consequences and, due to the particular circumstances of each Noteholder, any such adjustment may not be favourable to each Noteholder.

Zero Coupon Notes

Condition 5(d) of the Terms and Conditions of the Notes allows for the issuance of Notes that pay no interest to Noteholders. Changes in market interest rates generally have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk and Noteholders may, as a result, lose all or part of their investment in the Notes.

(ii) Risks related to the redemption of the Notes

Redemption at the option of the Issuer

In the event that the Issuer would be required to pay additional amounts in respect of any Notes due to any withholding as provided in Condition 8 of the Terms and Conditions of the Notes, the Issuer may, in certain circumstances, redeem all of the Notes then outstanding in accordance with Condition 6(b) of the Terms and Conditions of the Notes.

In addition, if the Issuer exercises its right to redeem any Notes early in accordance with Condition 6(c) of the Terms and Conditions of the Notes), this may limit the market value of such Notes and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

If the Issuer decides to redeem the Notes in part only, such partial redemption shall be effected by reducing the nominal amount of all such Notes in proportion to the aggregate nominal amount redeemed. Depending on the proportion of the principal amount of all of the Notes so reduced, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

Furthermore, as a consequence of an early redemption, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. The Noteholder may thus not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

Redemption at the option of the Noteholders

Exercise of the Put Option (as provided in Condition 6(d) of the Terms and Conditions of the Notes) in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised. Depending on the number of Notes of the same Series in respect of which the Put Option provided in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

(iii) Risks related to the rating of the Notes

The value of the Notes is expected to be affected, in part, by investors' general appraisal of the creditworthiness of the Issuer and the Group. The rating of Notes (if any) will be specified in the Final Terms. Any such ratings may not continue for any period of time or may be reviewed, revised, suspended or withdrawn entirely by any of the rating agencies, such as S&P Global Ratings Europe Limited, Moody's France SAS, DBRS Ratings GmbH or their respective successors and/or by any other rating agency, without notice as a result of changes in or unavailability of information or if, in the judgment of the Rating Agencies, circumstances so warrant. A qualification, downgrade or withdrawal of any of the ratings mentioned above may adversely and materially affect both the value of the Notes or their marketability in secondary market transactions and adversely affect the Issuer's ability to issue new Notes.

In addition, if the financial situation of the Issuer deteriorates, notwithstanding Condition 9 of the Terms and Conditions of the Notes, it may not be able to fulfil all or part of its payment obligations under the Notes, and investors may lose all or part of their investment

Please also refer to the risk factor 3.1 entitled "Credit rating of SFIL will be affected by the credit rating of the French State" above.

(iv) Risks related to Green Notes and to Social Notes

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply (i) the net proceeds of the issue of those Notes into Eligible Green Loans held on the balance sheet of Caisse Française de Financement Local as defined in the green bond framework (the "**SFIL Group Green Bond Framework**") (such Notes being "**Green Notes**") or (ii) an amount equal to the net proceeds of the issue of those Notes into Eligible Health Loan Portfolio held on the balance sheet of Caisse Française de Financement Local as defined in the social note framework (the "**SFIL Group Social Note Framework**") (such Notes being "**Social Notes**"), such SFIL Group Green Bond Framework or SFIL Group Social Note Framework being published on the website of the Issuer (<https://sfil.fr/investisseurs-du-groupe-sfil/> or <https://sfil.fr/en/sfil-group-investors/>) for an issue of Green Notes or Social Notes, as specified in the relevant Final Terms.

Regulation (EU) No 2020/852 of the European Parliament and of the Council dated 18 June 2020 on the establishment of a framework to facilitate sustainable investment, as amended (the "**Taxonomy Regulation**") has been adopted, establishing a single EU-wide classification system, or "taxonomy", which provides companies and

investors with a common language for determining which economic activities can be considered environmentally sustainable (the "EU Taxonomy"). The EU Taxonomy is subject to further development through delegated regulations. The European Commission (i) launched on 12 June 2020 a public consultation on the creation of an EU Green Bond Standard and (ii) adopted on 21 April 2021 the first delegated act on sustainable activities for climate change adaptation and mitigation objectives under the Taxonomy Regulation (a second delegated act for the remaining objectives will be published in 2022). In light of the continuing development of legal, regulatory and market conventions in the green, sustainable and social market, there is a risk that the use of proceeds of any Green Notes or Social Notes will not satisfy, whether in whole or in part, any future legislative or regulatory requirements, or any present or future investor expectations or requirements with respect to investment criteria or guidelines with which any investor or its investments are required to comply under its own by-laws or other governing rules or investment portfolio mandates.

While it is the intention of the Issuer to apply the proceeds of any Green Notes or Social Notes, as the case may be, so specified for the relevant loan, in, or substantially in, the manner described in the relevant Final Terms, the relevant loan or use(s) the subject of, or related to, any loan, may not be capable of being implemented in or substantially in such manner and/or accordance with any timing schedule and accordingly such proceeds may not be totally or partially disbursed for such loan. Such loan may not be completed within any specified period or at all or with the results or outcome as originally expected or anticipated by the Issuer. In addition, SFIL Group may change the SFIL Group Green Bond Framework and/or the SFIL Group Social Note Framework at any time, in particular, in order to adapt to any update that may be made to the ICMA's Green Bond Principles on which the SFIL Group Green Bond Framework is based and/or the ICMA's Social Bond Principles on which the SFIL Group Social Note Framework is based. Such changes may have a negative impact on the market value and the liquidity of any Green Notes or Social Notes issued prior to their implementation. Any such event or failure by the Issuer will not constitute an Event of Default under the Green Notes or the Social Notes, as the case may be.

Any such event or failure to apply the proceeds of any issue of Green Notes or Social Notes, as the case may be, for any loan as aforesaid and/or withdrawal of any such opinion or certification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on may have a material adverse effect on the value and marketability of such Green Notes or such Social Notes, as the case may be, and also potentially the value of any other Green Notes or Social Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

B. RISKS RELATING TO ALL SERIES OF NOTES

Credit Risk

As contemplated in Condition 3 of the Terms and Conditions of the Notes, the Notes are direct, unconditional, unsecured (subject to Condition 4 of the Terms and Conditions of the Notes) and senior preferred obligations within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier* of the Issuer and rank and will rank *pari passu* and without any preference among themselves and at least *pari passu* with all other direct, unconditional, unsecured and senior preferred obligations of the Issuer (save for statutorily preferred exceptions).

However, an investment in the Notes involves taking credit risk on the Issuer. If the financial situation of the Issuer deteriorates, notwithstanding Condition 9 of the Terms and Conditions of the Notes, it may not be able to fulfil all or part of its payment obligations under the Notes, and investors may lose all or part of their investment.

French and European rules relating to insolvency and bank recovery and resolution

The Issuer having its registered office in France, French insolvency laws apply to the Issuer. Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the "**Assembly**") in order to defend their common interests if a preservation (*procédure de sauvegarde*), accelerated preservation (*procédure de sauvegarde accélérée*), accelerated financial preservation (*procédure de sauvegarde financière accélérée*), or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as a EMTN programme) and regardless of their governing law.

The Assembly deliberates on the proposed safeguard (*projet de plan de sauvegarde*), draft accelerated preservation plan (*projet de plan de sauvegarde accélérée*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or draft judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing off receivables in the form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the amount of debt securities held by the holders expressing a vote). No quorum is required to convoke the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in Condition 11 set out in this Base Prospectus will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

Furthermore, Directive 2014/59/EU of the European Parliament and of the Council of the European Union dated 15 May 2014 establishing an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the "**Bank Recovery and Resolution Directive**" or "**BRRD**"), entered into force on 2 July 2014, and Regulation (EU) No. 806/2014 of the European Parliament and of the Council of the European Union dated 15 July 2014 as amended by Regulation (EU) 2019/877 of the European Parliament and of the Council dated 20 May 2019 (the "**SRM Regulation**") provide for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms. The regime provided for by the BRRD is, among other things, stated to be needed to provide the authority designated by each EU member state (the "**Resolution Authority**") with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimizing the impact of an institution's failure on the economy and financial system (including taxpayers' exposure to losses). Under the SRM Regulation a centralized power of resolution is established and entrusted to the Single Resolution Board (the "**SRB**") and to the national resolution authorities.

Since 1st January 2016, French credit institutions (such as the Issuer) have to meet, at all times, a minimum requirement for own funds and eligible liabilities ("**MREL**") pursuant to Article L.613-44 of the French *Code monétaire et financier*. The BRRD has been amended by Directive (EU) 2019/879 of the European Parliament and of the Council dated 20 May 2019 and has been implemented under French law by French ordinance n° 2020-1636 (*ordonnance relative au régime de résolution dans le secteur bancaire*) dated 21 December 2020.

The powers provided to the Resolution Authority in the BRRD and the SRM Regulation include write-down/conversion powers to ensure that capital instruments (including subordinated debt instruments) and eligible liabilities (including senior debt instruments such as the Notes if junior instruments prove insufficient to absorb all losses) absorb losses of the issuing institution under resolution in accordance with a set order of priority (the "**Bail-in Tool**"). They also include write-down/conversion powers with respect to institutions or groups which viability would otherwise be at threat or who require extraordinary financial support.

In addition to the Bail-in Tool, the BRRD provides the Resolution Authority with broader powers to implement other resolution measures with respect to institutions that meet the conditions for resolution, which may include (without limitation) the sale of the institution's business, the creation of a bridge institution, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments), removing management, appointing an interim administrator, and discontinuing the listing and admission to trading of financial instruments.

The holders of Notes have very limited rights to contest and/or ask for the suspension of the exercise of the relevant competent authorities' resolution powers.

The application of any resolution measure under the French BRRD implementing provisions, or any suggestion of such application, with respect to the Issuer could materially adversely affect the rights of the Noteholders, the price or value of an investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes. As a result, Noteholders could lose all or part of their investment in the Notes.

Modification and waivers

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *Masse* and the Terms and Conditions of the Notes contain provisions for calling General Meetings or taking Written Decisions (each as defined and described in Condition 11 of the Terms and Conditions

of the Notes) of Noteholders to consider matters affecting their interests generally. These provisions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting or did not vote through the relevant Written Decision and Noteholders who voted in a manner contrary to the majority in accordance with Article L.228-65 of the French *Code de commerce*. Noteholders may through Collective Decisions (as defined and described in Condition 11 of the Terms and Conditions of the Notes) deliberate or vote on any proposal relating to the modification of the Terms and Conditions of the Notes including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions (as more fully described in Condition 11 of the Terms and Conditions of the Notes). The modification of the Terms and Conditions of the Notes adopted by a majority of holders of Notes may have a negative impact on the market value of the Notes and these holders of Notes may lose all or part of their investment in the Notes.

Change of law

The Terms and Conditions of the Notes are based on French law in force as at the date of this Base Prospectus. Any possible decision or change to French law or the official application or interpretation of French law after the date of this Base Prospectus could be unfavourable to creditors' rights, including those of the Noteholders. If any change in law was unfavourable to the Issuer or the Noteholders, it could have an adverse effect on the market value of the Notes (depending on the nature of the change) and could have potentially negative repercussions on the Noteholders' investment in the Notes.

C. RISKS RELATING TO THE MARKET

An active trading market for the Notes may not develop

The Notes may have no established trading market when issued and an active trading market for the Notes may not develop, or, if one does develop, it may not be maintained or may not be liquid. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

Therefore, Noteholders may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a material adverse impact on the market value of Notes and as a result, Noteholders could lose part of their investment in the Notes.

Although application has been made for the Notes issued under the Programme to be admitted to trading on Euronext Paris, such application may not be accepted, any particular Tranche of Notes may not be admitted to trading or an active trading market may not develop.

The Issuer may, but is not obliged to, list Notes on a stock exchange. Also, to the extent Notes of a particular issue are redeemed in part, the number of Notes of such issue outstanding will decrease, resulting in a diminished liquidity for the remaining Notes of such issue. A decrease in the liquidity of an issue of Notes may cause, in turn, an increase in the volatility associated with the price of such issue of Notes.

Market value of the Notes

The Programme allows for Notes to be admitted to trading on Euronext Paris and/or, subject to the notification of a certificate of approval to any relevant competent authority as may be requested by the Issuer, on any other regulated market of the European Economic Area.

The market value of the Notes will be affected by the creditworthiness of the Issuer and/or the rating of the Notes and a number of additional factors, including but not limited to, the volatility of market interest and yield rates and the time remaining to the maturity date. The value of the Notes depends on a number of additional factors, including economic, financial and political events in France, Europe or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded, which may cause market volatility. Such volatility may adversely affect the price of Notes or economic and market conditions may have any other adverse effect. The price at which Noteholders will be able to sell the Notes prior to maturity may be at a discount, which could be substantial and adverse, from the issue price or the purchase price paid by such purchaser and result in losing all or part of their investment in the Notes.

Exchange rate risks and exchange controls

The Programme allows for Notes to be issued in a range of currencies (each, a "**Specified Currency**" as defined in Condition 5(a) of the Terms and Conditions of the Notes). The Issuer will pay principal and interest on the Notes issued under the Programme in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes, and (iii) the Investor's Currency-equivalent market value of the Notes.

In addition, government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely and materially affect applicable exchange rates. As a result, investors may receive an amount of interest or principal that is less than expected, or no interest or principal. This may adversely and materially affect the Noteholders who could lose part of their investment in the Notes.

Potential conflicts of interest

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities. In such cases, the interest of any of those parties or their affiliates or the interest of other parties for whom they perform servicing functions may differ from, and compete with, the interest of the Issuer or the Noteholders.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments, which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts may arise between the Noteholders and the calculation agent (including where a Dealer acts as calculation agent) or any agent appointed for a Tranche of Notes, including with respect to certain discretionary determinations and judgments that such agent may make pursuant to the Terms and Conditions of the Notes that may influence the amount receivable upon redemption of the Notes. In particular, whilst a calculation agent will, as the case may be, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

CONDITIONS ATTACHED TO THE CONSENT OF THE ISSUER TO USE THE PROSPECTUS

This Base Prospectus has been prepared on a basis that permits offers that are not made within an exemption from the requirement to publish a prospectus under Article 1(4) of the Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended (the "**Prospectus Regulation**") (a "**Non-Exempt Offer**") in France (a "**Non-Exempt Offer Jurisdiction**").

The consent referred to above relates to Offer Periods (if any and as defined below) beginning within twelve (12) months from the date of the approval of the Base Prospectus by the AMF.

In the context of a Non-Exempt Offer, in relation to any person (an "**Investor**") to whom an offer of any Notes is made, the Issuer may, if so specified in the relevant Final Terms, consent to the use of the Base Prospectus together with any supplement with respect thereto that may be published from time to time and the relevant Final Terms (together, the "**Prospectus**") in connection with a Non-Exempt Offer of any Notes during the offer period specified in the relevant Final Terms (the "**Offer Period**") and in the Non-Exempt Offer Jurisdiction by:

- (1) any financial intermediary authorised to make such offers pursuant to Directive 2014/65/EU of the European Parliament and of the Council dated 15 May 2014 on markets in financial instruments, as amended, as designated and subject to conditions set out in such Final Terms; or
- (2) if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the "**Rules**"), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under section entitled "Subscription and Sale" in this Base Prospectus which would apply as if it were a Dealer; (c) considers the relevant manufacturer's target market assessment and distribution channels identified under the "MiFID II product governance" legend set out in the relevant Final Terms; (d) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes is fully and clearly disclosed to investors or potential investors; (e) holds all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (f) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with anti-money laundering, anti-bribery and "know your client" rules applying to the Issuer and/or the relevant Dealer(s); (g) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (h) satisfies any further conditions specified in the relevant Final Terms

(in each case an "**Authorised Offeror**"). For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in the Non-Exempt Offer Jurisdiction, for the content of the Prospectus in relation to any Investor in such Non-Exempt Offer Jurisdiction to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) occurring in the periods beginning and ending on the dates specified for such purpose in the relevant Final Terms relating to such Non-Exempt Offers and provided that the relevant Final Terms have been duly published and specify that Non-Exempt Offers may be made to the public in the Non-Exempt Offer Jurisdiction, all in accordance with the Prospectus Regulation.

In the event the Final Terms designate financial intermediary(ies) to whom the Issuer has given its consent to use the Prospectus during an Offer Period, the Issuer may also give consent to additional Authorised Offerors after the date of the relevant Final Terms and, if it does so, it will publish any new information in relation to such Authorised

Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at www.sfil.fr.

If the Final Terms specify that any financial intermediary may use the Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the Offer Period, to publish on its website that it is using the Prospectus for the relevant Non-Exempt Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-Exempt Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price allocations and settlement arrangements (the "Terms and Conditions of the Non-Exempt Offer"). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, the Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Non-Exempt Offer shall be provided to Investors by that Authorised Offeror at the time of the Non-Exempt Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time between the date on which this Base Prospectus has been approved and 20 May 2022, a significant new factor, material mistake or material inaccuracy relating to the information contained in this Base Prospectus which may affect the assessment of the Notes arises or is noted, the Issuer shall prepare and make available a supplement to this Base Prospectus (each a "**Supplement**") as required by Article 23 of the Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended (the "**Prospectus Regulation**") or a restated Base Prospectus.

In accordance with and pursuant to Article 23.2 (bis) of the Prospectus Regulation, where the relevant Final Terms relate to an offer of Notes to the public, investors who have already agreed to purchase or subscribe for Notes before any supplement is published shall have the right, exercisable within three (3) working days after the publication of this supplement, to withdraw their acceptances provided that the new factor, material mistake or material inaccuracy referred to in Article 23.1 of the Prospectus Regulation arose or was noted before the final closing of such offer or the delivery of the Notes, whichever occurs first. That period may be extended by the Issuer or, if any, the relevant Authorised Offeror(s). The final date of the right of withdrawal shall be stated in the supplement. On 20 May 2022, this Base Prospectus, as supplemented (as the case may be), will expire and the obligation to supplement this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies will no longer apply.

Any supplement to the Base Prospectus shall be (a) published on the websites of the AMF (www.amf-france.org) and the Issuer (www.sfil.fr) and (b) available for inspection and obtainable, upon request and free of charge, during usual business hours, on any weekday at the registered office of the Issuer (1-3 rue du Passeur de Boulogne, 92130 Issy-les-Moulineaux, France).

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. The text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms.

The Notes will be issued by SFIL (the "**Issuer**"). An amended and restated agency agreement dated 21 May 2021 has been agreed between the Issuer and Banque Internationale à Luxembourg, *société anonyme* as fiscal agent and, unless otherwise specified in the applicable Final Terms, as calculation agent (as amended or supplemented from time to time, the "**Amended and Restated Agency Agreement**") in relation to the Notes. The fiscal agent, the paying agent(s), the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agent(s)**" (which expression shall include the Fiscal Agent), the "**Redenomination Agent**", the "**Consolidation Agent**" and the "**Calculation Agent(s)**".

A copy of the Amended and Restated Agency Agreement is available for inspection during normal business hours at the specified offices of the Fiscal Agent.

All capitalised terms that are not defined in these Conditions will have the meanings given to them in the Part A of the relevant Final Terms. References below to "**Conditions**" are, unless the context requires otherwise, to the numbered paragraphs below and references in the Conditions to "**Notes**" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

For the purpose of these Terms and Conditions, "**Regulated Market**" means any regulated market situated in a member state (the "**Member State(s)**") of the European Economic Area ("**EEA**") as defined in Directive 2014/65/EU of the European Parliament and of the Council dated 15 May 2014 on markets in financial instruments, as amended, appearing on the list of regulated markets issued by the European Securities and Markets Authority, and "**day**" or "**days**" means calendar days unless the context otherwise specifies.

1. **Form, Denomination(s), Title and Redenomination**

- (a) **Form:** Notes will be issued in dematerialised form.

Title to the Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes.

The Notes are issued, at the option of the Issuer and as specified in the relevant final terms (the "**Final Terms**"), in either bearer form (*au porteur*), which will be inscribed in the books of Euroclear France ("**Euroclear France**") (acting as central depository) which shall credit the accounts of Account Holders, or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the "**Registration Agent**").

The Issuer may require the identification of the holders of the Notes in accordance with Article L.228-2 of the French *Code de commerce*, unless such right is expressly excluded in the relevant Final Terms.

For the purpose of these Conditions, "**Account Holder**" means any intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking, S.A. ("**Clearstream**").

The Notes may be "**Fixed Rate Notes**", "**Floating Rate Notes**", "**Inflation Linked Notes**", "**Fixed/Floating Rate Notes**" and "**Zero Coupon Notes**", depending on the Interest Basis and the redemption method specified in this Base Prospectus as completed by the relevant Final Terms.

- (b) **Denomination(s):** Notes shall be issued in one specified denomination only, as set out in the relevant Final Terms (the "**Specified Denomination**").

Unless permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one year and in respect of which the issue proceeds

are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000, as amended, must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

(c) **Title:**

- (i) Title to the Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to the Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.
- (ii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below) shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, and no person shall be liable for so treating the holder.
- (iii) In these Conditions, "**holder of Notes**" or "**holder of any Note**", or "**Noteholder**" means the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes, in accordance with the applicable laws and regulations and with the applicable rules and procedures of Euroclear France.

(d) **Redenomination**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, by giving at least thirty (30) days' notice in accordance with Condition 13 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community, as amended from time to time (the "**Treaty**")), or events have occurred which have substantially the same effects, redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".
- (ii) The redenomination of the Notes pursuant to Condition 1(d) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resulting figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denomination of the Notes so determined shall be notified to Noteholders in accordance with Condition 13. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 12, without the consent of the holder of any Note, make any changes or additions to these Conditions or Condition 12 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest

accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes and shall be notified to Noteholders in accordance with Condition 13 as soon as practicable thereafter.

- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.
- (e) **Method of Issue:** The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a "**Series**") having one or more issue date(s).

Each Series of Notes may be issued in tranches (each a "**Tranche**") on the same or different issue date(s) and on terms identical to the terms of other Tranches of the same Series, save in respect of the issue date, issue price, first payment of interest and aggregate nominal amount of the Tranche. The specific terms of each Tranche of Notes will be determined by the Issuer and the relevant Dealer(s) at the time of the issue and will be set out in the Final Terms of such Tranche. The Notes of a Tranche of each Series will be fungible with all Notes of the other Tranches of that Series.

2. Conversion and Exchanges of Notes

Notes issued in bearer form (*au porteur*) may not be converted into Notes in registered form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).

Notes issued in registered form (*au nominatif*) may not be converted into Notes in bearer form (*au porteur*).

Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and vice versa. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such Noteholder.

3. Status of the Notes

The Notes are direct, unconditional, unsecured (subject to Condition 4) and senior preferred obligations within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier* of the Issuer and rank and will rank *pari passu* and without any preference among themselves and at least *pari passu* with all other direct, unconditional, unsecured and senior preferred obligations of the Issuer (save for statutorily preferred exceptions).

For the avoidance of doubt, all unsubordinated debt securities issued by the Issuer prior to the entry into force of Article L.613-30-3-I-3° of the French *Code monétaire et financier* on 11 December 2016 constitute senior preferred obligations.

4. Negative Pledge

So long as any of the Notes remains outstanding, the Issuer will not create or permit to subsist any mortgage, charge, pledge, lien or other security interest (*sûreté réelle*) upon the whole or any part of its undertaking, revenues or assets, present or future, in order to secure any Relevant Indebtedness, without at the same time according to the Notes the same, or substantially the same, security interest.

For the purposes of this Condition 4, "**Relevant Indebtedness**" means any indebtedness for borrowed money of the Issuer which is in the form of or represented by any bond (*obligation*) or note or any other security which is, or is capable of being, listed, quoted or traded on any stock exchange or in any securities market (including, without limitation, any over-the-counter market).

5. Interest and other Calculations

- (a) **Definitions:** In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below. Certain defined terms contained in the June 2013 FBF Master Agreement relating to transactions on forward financial instruments as supplemented by the Technical Schedules (*Additifs Techniques*) published by the *Fédération Bancaire Française* ("**FBF**") (together the "**FBF Master Agreement**") and in the 2006 ISDA Definitions, as amended,

published by the International Swaps and Derivatives Association, Inc. ("**ISDA**"), have either been used or reproduced in this Condition 5.

"**Benchmark**" means the Reference Rate as set out in the relevant Final Terms.

"**Business Day**" means:

- (i) in the case of Euro, a day on which the Trans European Automated Real Time Gross Settlement Express Transfer (known as TARGET2) System or any successor thereto (the "**TARGET System**") is operating (a "**TARGET Business Day**"); and/or
- (ii) in the case of a specified currency other than Euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for that currency; and/or
- (iii) in the case of a specified currency and/or one or more Business Centre(s) specified in the relevant Final Terms (the "**Business Centre(s)**"), a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centre(s) so specified.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first (1st) day of such period to but excluding the last) (whether or not constituting an Interest Period or Interest Accrual Period, the "**Calculation Period**"):

- (i) if "**Actual/365 – FBF**" is specified in the relevant Final Terms, the fraction whose numerator is the actual number of days elapsed during the Calculation Period and whose denominator is 365. If part of that Calculation Period falls in a leap year, Actual /365 – FBF shall mean the sum of (i) the fraction whose numerator is the actual number of days elapsed during the non-leap year and whose denominator is 365 and (ii) the fraction whose numerator is the number of actual days elapsed during the leap year and whose denominator is 366;
 - (ii) if "**Actual/365**" or "**Actual/Actual – ISDA**" is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
 - (iii) if "**Actual/Actual-ICMA**" is specified in the relevant Final Terms:
 - (A) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
 - (B) if the Calculation Period is longer than one Determination Period, the sum of:
 - the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
 - the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year;
- in each case where:

"**Determination Period**" means the period from and including a Determination Date in any year to but excluding the next Determination Date; and

"Determination Date" means the date specified in the relevant Final Terms or, if none is so specified, the Interest Payment Date;

- (iv) if **"Actual/Actual-FBF"** is specified in the relevant Final Terms, the fraction whose numerator is the actual number of days elapsed during such period and whose denominator is 365 (or 366 if 29 February falls within the Calculation Period). If the Calculation Period is of a duration of more than one year, the basis shall be calculated as follows:
- the number of complete years shall be counted back from the last day of the Calculation Period;

- (x) if "**30E/360 (ISDA)**" is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

- (xi) if "**30E/360-FBF**" is specified in the relevant Final Terms, in respect of each Calculation Period, the fraction whose denominator is 360 and whose numerator is the number of days

if the last day of the Calculation Period is the last day of the month of February, the number of days elapsed during such month shall be the actual number of days

Using the same abbreviations as for 30/360-FBF, the fraction is:

(c) **Interest on Floating Rate Notes and Inflation Linked Notes**

(i) *General:* The underlying of the Notes may be a FBF Rate, an ISDA Rate, a Reference Rate (being either CMS Rate, EURIBOR, €STR, LIBOR, SARON, SOFR, SONIA or TEC10) or an inflation index (being either CPI or the HICP), all as defined below. - (iv) *Rate of Interest for Floating Rate Notes*: The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined according to the provisions below relating to either FBF Determination, ISDA Determination or Screen Rate Determination, depending upon which is specified in the relevant Final Terms.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "**FBF Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first (1st) day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), "Floating Rate" (*Taux Variable*), "Floating Rate Determination Date" (*Date de Détermination du Taux Variable*) and "Transaction" (*Transaction*) have the meanings given to those terms in the FBF Definitions, provided that "Euribor" means the rate calculated for deposits in euro which appears on Reuters Page EURIBOR01, as more fully described in the relevant Final Terms.

In the relevant Final Terms, when the paragraph "Floating Rate" (*Taux Variable*) specifies that the rate is determined by linear interpolation, in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate, one of which shall be determined as if the maturity for which rates are available were the period of time of next shorter length as compared to the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the maturity were the period of time of next longer length as compared to the length of the relevant Interest Accrual Period.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a

rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (B), "**ISDA Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first (1st) day of that Interest Accrual Period or such other date as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), "**Floating Rate**", "**Floating Rate Option**", "**Designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

In the relevant Final Terms, when the paragraph Floating Rate Option specifies that the rate is determined by linear interpolation, in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate Option, one of which shall be determined as if the Designated Maturity for which rates are available were the period of time of next shorter length as compared to the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the Designated Maturity were the period of time of next longer length as compared to the length of the relevant Interest Accrual Period.

(C) **Screen Rate Determination for Floating Rate Notes**

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being EURIBOR or LIBOR (as the case may be), the Rate of Interest for each Interest Accrual Period will, subject as provided below or (if applicable) to Condition 5(c)(iv)(D) (*Benchmark discontinuation*) below, be either:
 - (1) the offered quotation; or
 - (2) the arithmetic mean of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the relevant Final Terms) the Margin (if any) as determined by the Calculation Agent. If five (5) or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.
- (b) if the Relevant Screen Page is not available or, if sub-paragraph (C)(a)(1) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (C)(a)(2) applies and fewer than three such offered quotations appear on the Relevant Screen Page,

in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date relating to such Rate of Interest calculation (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).
- (d) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being €STR, the Rate of Interest for each Interest Accrual

Period plus or minus (as indicated in the applicable Final Terms) the Margin (if any) will, subject as provided below or (if applicable) to Condition 5(c)(iv)(D) (*Benchmark discontinuation*) below, be the rate of return of a daily compound interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) and will be calculated by the Calculation Agent on the Interest Determination Date as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{\text{€STR}_{i-p} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

"Website of the European Central Bank" means the website of the European Central Bank currently at <https://www.ecb.europa.eu/home/html/index.en.html> or any successor source officially designated by the European Central Bank.

If the €STR is not published, as specified above, on any particular TARGET Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such TARGET Business Day shall be the rate equal to €STR in respect of the last TARGET Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular TARGET Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date (as defined below) have occurred, the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate (as defined below).

If no ECB Recommended Rate has been recommended before the end of the first TARGET Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR (as defined below).

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event (as defined below) and an ECB Recommended Rate Index Cessation Effective Date (as defined below) subsequently occur, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 13.

In the event that the Rate of Interest cannot be determined in accordance with the provisions of this sub-paragraph (d) by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date relating to such Rate of Interest calculation (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or

Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each TARGET Business Day in the €STR Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published €STR or, if ECB Recommended Rate is published on a later date than the latest published €STR, the ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the provisions of this Condition 5(c)(iv)(C)(d) fail to provide a means of determining the Rate of Interest, Condition 5(c)(iv)(D) (*Benchmark discontinuation*) below shall apply.

For the purpose of this Condition 5(c)(iv)(C)(d):

"ECB Recommended Rate" means a rate (inclusive of any spreads or adjustments) recommended as the replacement for €STR by the European Central Bank (or any successor administrator of €STR) and/or by a committee officially endorsed or convened by the European Central Bank (or any successor administrator of €STR) for the purpose of recommending a replacement for €STR (which rate may be produced by the European Central Bank or another administrator), as determined by the Calculation Agent and notified by the Calculation Agent to the Issuer;

- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the ECB Recommended Rate, the central bank for the currency of the ECB Recommended Rate, an insolvency official with jurisdiction over the administrator of the ECB Recommended Rate, a resolution authority with jurisdiction over the administrator of the ECB Recommended Rate or a court or an entity with similar insolvency or resolution authority over the administrator of the ECB Recommended Rate, which states that the administrator of the ECB Recommended Rate has ceased or will cease to provide the ECB Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the ECB Recommended Rate;

$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{\text{SARON}_i \times n_i}{360} \right) - 1 \right) \times \frac{360}{d}$$

If the SARON is not published on the SARON Screen Page at the SARON Relevant Time on the relevant Zurich Banking Day and both a SARON Index Cessation Event and a SARON Index Cessation Effective Date have occurred on or prior to the SARON Relevant Time on the relevant Zurich Banking Day:

- (i) if there is a SARON Recommended Replacement Rate within one (1) Zurich Banking Day of the SARON Index Cessation Effective Date, then the rate of SARON for each Zurich Banking Day in the relevant SARON Observation Period occurring on or after that SARON Index Cessation Effective Date will be determined as if references to SARON were references to the SARON Recommended Replacement Rate, giving effect to the SARON Recommended Adjustment Spread, if any, published on such Zurich Banking Day; or

If the provisions of this Condition 5(c)(iv)(C)(e) fail to provide a means of determining the Rate of Interest, Condition 5(c)(iv)(D) (*Benchmark discontinuation*) below shall apply.

In connection with the implementation of a Benchmark Replacement, the Calculation Agent or another entity appointed by the Issuer will have the right to make Benchmark Replacement Conforming Changes from time to time.

- (2) if the rate specified in (1) above does not so appear, and unless both a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, the Secured Overnight Financing Rate as published in respect of the first preceding U.S. Government Securities Business Day for which the Secured Overnight Financing Rate was published on the SOFR Administrator's Website;
- (3) if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred:

Any substitution of the SOFR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 13.

- (g) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being SONIA, the Rate of Interest for each Interest Accrual Period plus or minus (as indicated in the applicable Final Terms) the Margin (if any) will, subject as provided below or (if applicable) to Condition 5(c)(iv)(D) (*Benchmark discontinuation*) below, be the rate of return of a daily compounded interest investment (it being understood that reference rate for the calculation of interest is the Sterling daily overnight reference rate) and will be calculated by the Calculation Agent on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

where:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

"**d**" is the number of calendar days in the relevant SONIA Observation Period;

"**d_o**" is the number of London Banking Days in the relevant SONIA Observation Period;

"**i**" is a series of whole numbers from one to d_o, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant SONIA Observation Period;

"**SONIA_i**", means in respect of any London Banking Day "i" falling in the relevant SONIA Observation Period, the SONIA for such London Banking Day "i".

If, in respect of that London Banking Day in the relevant SONIA Observation Period, the Calculation Agent determines that the SONIA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be: (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

Any substitution of the SONIA, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 13

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date relating to such Rate of Interest calculation (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest

Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Accrual Period, had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the provisions of this Condition 5(c)(iv)(C)(g) fail to provide a means of determining the Rate of Interest, Condition 5(c)(iv)(D) (*Benchmark discontinuation*) below shall apply.

- (h) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being CMS Rate, the Rate of Interest for each Interest Accrual Period plus or minus (as indicated in the applicable Final Terms) the Margin (if any) will, subject as provided below or (if applicable) to Condition 5(c)(iv)(D) (*Benchmark discontinuation*) below, be determined by the Calculation Agent by reference to the following formula:

CMS Rate + Margin

If the Relevant Screen Page is not available at the Specified Time on the relevant Interest Determination Date: (i) the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately the Specified Time on the relevant Interest Determination Date; (ii) if at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest quotations and the lowest quotation (or, in the event of equality, one of the lowest quotations) and (iii) if on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with the then prevailing standard market practice.

For the purpose of this Condition 5(c)(iv)(C)(h):

"**CMS Rate**" shall mean the applicable swap rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page as at the Specified Time on the relevant Interest Determination Date in question, all as determined by the Calculation Agent.

"**CMS Reference Banks**" means (i) where the Reference Currency is Euro, the principal office of five (5) leading swap dealers in the inter-bank market, (ii) where the Reference Currency is Sterling, the principal London office of five (5) leading swap dealers in the London inter-bank market, (iii) where the Reference Currency is United States dollars, the principal New York City office of five (5) leading swap

dealers in the New York City inter-bank market, or (iv) in the case of any other Reference Currency, the principal Relevant Financial Centre office of five (5) leading swap dealers in the Relevant Financial Centre inter-bank market, in each case selected by the Calculation Agent.

"Reference Currency" means the currency specified as such in the applicable Final Terms.

"Reference Financial Centre" means, with respect to a Reference Currency, the financial centre specified as such in the applicable Final Terms.

"Designated Maturity", "Margin", "Specified Time" and "Relevant Screen Page" shall have the meaning given to those terms in the applicable Final Terms.

"Relevant Swap Rate" means:

- (1) where the Reference Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first (1st) day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a designated maturity determined by the Calculation Agent by reference to the then prevailing standard market practice or the ISDA Definitions;
- (2) where the Reference Currency is Sterling, the mid-market semi-annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the semi-annual fixed leg, calculated on an Actual/365 (Fixed) day count basis, of a fixed-for-floating Sterling interest rate swap transaction with a term equal to the Designated Maturity commencing on the first (1st) day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/365 (Fixed) day count basis, is equivalent (A) if the Designated Maturity is greater than one year, to GBP-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of six (6) months or (B) if the Designated Maturity is one year or less, to GBP-LIBOR-BBA with a designated maturity of three (3) months;
- (3) where the Reference Currency is United States dollars, the mid-market semi-annual swap rate determined on the basis of the mean of the bid and offered rates for the semi-annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating United States dollar interest rate swap transaction with a term equal to the Designated Maturity commencing on the first (1st) day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg,

calculated on an Actual/360 day count basis, is equivalent to USD-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of three (3) months; and

- (4) where the Reference Currency is any other currency of if the Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the applicable Final Terms.

"Representative Amount" means an amount that is representative for a single transaction in the relevant market at the relevant time, as determined by the Calculation Agent.

- (i) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being TEC10, the Rate of Interest for each Interest Accrual Period plus or minus (as indicated in the applicable Final Terms) the Margin (if any) will, subject as provided below or (if applicable) to Condition 5(c)(iv)(D) (*Benchmark discontinuation*) below, be determined by the Calculation Agent by reference to the following formula:

TEC10 + Margin.

"TEC10" means the offered quotation (expressed as a percentage rate per annum) for the EUR-TEC10-CNO², calculated by the *Comité de Normalisation Obligataire* ("**CNO**"), which appears on the Relevant Screen Page, being the caption "TEC10" on the Reuters Screen BDFCNOTEC Page or any successor page, as at 10.00 a.m. Paris time on the Interest Determination Date in question.

If, on any Interest Determination Date, TEC10 does not appear on Reuters Screen BDFCNOTEC Page or any successor page, (i) it shall be determined by the Calculation Agent on the basis of the mid-market prices for each of the two reference OAT (*Obligation Assimilable du Trésor*) which would have been used by the *Comité de Normalisation Obligataire* for the calculation of the relevant rate, quoted in each case by five (5) *Spécialistes en Valeurs du Trésor* at approximately 10:00 a.m. Paris time on the Interest Determination Date in question; (ii) the Calculation Agent will request each *Spécialiste en Valeurs du Trésor* to provide a quotation of its price; and (iii) TEC10 will be the redemption yield of the arithmetic mean of such prices as determined by the Calculation Agent after discarding the highest and lowest of such quotations. The above mentioned redemption yield shall be determined by the Calculation Agent in accordance with the formula that would have been used by the *Comité de Normalisation Obligataire* for the determination of the relevant rate.

For information purposes only, the EUR-TEC10-CNO, established in April 1996, is the percentage yield (rounded to the nearest second decimal point, 0.005 per cent. being rounded upwards) of a notional 10 year French Treasury Bond (Obligation Assimilable du Trésor, "OAT") corresponding to the linear interpolation between the yield to maturity of the two actual OATs (the "Reference OATs") whose periods to maturity are closest in duration to the notional 10 year OAT, one Reference OAT's duration being of less than 10 years and the other Reference OAT's duration being greater than 10 years.

In the relevant Final Terms, when the paragraph "Reference Rate" specifies that the rate is determined by linear interpolation, in respect of an Interest Accrual

Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Benchmark, one of which shall be determined as if the maturity for which rates are available were the period of time of next shorter length as compared to the length of the relevant Interest Accrual Period, and the other of which shall be determined as if the maturity were the period of time of next longer length as compared to the length of the relevant Interest Accrual Period.

(D) **Benchmark discontinuation**

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, if (i) a Benchmark Event occurs in relation to an Original Reference Rate (other than €STR, SARON, SOFR and SONIA) at any time or (ii) the fallback provisions relating to €STR, SARON, SOFR and SONIA provided in Condition 5(c)(iv)(C)(d), Condition 5(c)(iv)(C)(e), Condition 5(c)(iv)(C)(f) and Condition 5(c)(iv)(C)(g), as applicable, fail to provide a means of determining the Original Reference Rate, when the Terms and Conditions of any Notes provide for any remaining rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and prevail over the other fallback provisions set out in Condition 5(c)(iv)(C).

(a) **Independent Adviser**

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iv)(D)(b)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(c)(iv)(D)(c)) and any Benchmark Amendments (in accordance with Condition 5(c)(iv)(D)(d)).

An Independent Adviser appointed pursuant to this Condition 5(c)(iv)(D) shall act in good faith and in a commercially reasonable manner as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5(c)(iv)(D).

(b) **Successor Rate or Alternative Rate**

If the Independent Adviser determines in good faith and in a commercially reasonable manner that:

- (1) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(c)(iv)(D)(d)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iv)(D)); or
- (2) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(c)(iv)(D)(d)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the

Notes (subject to the further operation of this Condition 5(c)(iv)(D)).

(c) Adjustment Spread

If the Independent Adviser, determines in good faith and in a commercially reasonable manner (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(d) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(c)(iv)(D) and the Independent Adviser determines in good faith and in a commercially reasonable manner (i) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days, or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(iv)(D)(e), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(c)(iv)(D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being admitted to trading.

(e) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 13, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(c)(iv)(D). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

(f) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallback provisions relating to the Original Reference Rate specified in Condition 5(c)(iv)(C) will continue to apply to such determination.

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(c)(iv)(D), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been

determined and notified in accordance with this Condition 5(c)(iv)(D) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the other fallbacks specified in Condition 5(c)(iv)(C), will continue to apply in accordance with their terms).

(g) Definitions

In this Condition 5(c)(iv)(D):

"Adjustment Spread" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (1) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- (2) in the case of an Alternative Rate (or in the case of a Successor Rate where (1) above does not apply), is in customary market usage in the international debt capital market for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or
- (3) if no such recommendation or option has been made (or made available), or the Independent Adviser determines there is no such spread, formula or methodology in customary market usage, the Independent Adviser, acting in good faith, determines to be appropriate;

"Alternative Rate" means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 5(c)(iv)(D) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes;

"Benchmark Event" means, with respect to an Original Reference Rate:

- (1) the Original Reference Rate ceasing to exist or be published;
- (2) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to the date specified in (2)(i);

- (3) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- (4) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six months prior to the date specified in (4)(i);
- (5) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six months;
- (6) it has or will prior to the next Interest Determination Date, become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Agent or the Calculation Agent), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation (Regulation (EU) 2016/1011), if applicable); or
- (7) that a decision to withdraw the authorisation or registration pursuant to article 35 of the Benchmarks Regulation (Regulation (EU) 2016/1011) of any benchmark administrator previously authorised to publish such Original Reference Rate has been adopted;

"Independent Adviser" means an independent financial institution of international repute or an independent adviser of recognised standing with appropriate expertise appointed by the Issuer at its own expense under Condition 5(c)(iv)(D)(a);

"Original Reference Rate" means the benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes;

"Relevant Nominating Body" means, in respect of a benchmark or screen rate (as applicable):

- (1) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (2) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory

authorities or (iv) the Financial Stability Board or any part thereof; and

"Successor Rate" means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body, and if, following a Benchmark Event, two or more successor or replacement rates are recommended by any Relevant Nominating Body, the Independent Adviser, shall determine which of those successor or replacement rates is most appropriate, having regard to, inter alia, the particular features of the relevant Notes and the nature of the Issuer.

(v) *Rate of Interest for Inflation Linked Notes:*

(A) Consumer Price Index (CPI)

Where the consumer price index (excluding tobacco) for all households in France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the "INSEE") ("CPI") is specified as the Index in the relevant Final Terms, this Condition 5(c)(v)(A) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(v)(A) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the "**CPI Linked Interest**") applicable from time to time for each Interest Accrual Period (as specified in the relevant Final Terms) will be equal to the fixed rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined below).

The **CPI Linked Interest** will be determined by the Calculation Agent on the following basis:

- (1) On the fifth (5th) Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(v)(A), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable on any Interest Payment Date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 5(g)(iii), the IIR will be rounded if necessary to six significant figures (with halves being rounded up).

"CPI Daily Inflation Reference Index" means (i) in relation to the first (1st) day of any given calendar month, the CPI Monthly Reference Index of the third (3rd) month preceding such month, and (ii) in relation to a day D (other than the first (1st) day) in any given calendar month ("M"), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third (3rd) calendar month preceding such month ("M - 3") and the second (2nd) calendar month preceding such month ("M - 2") calculated in accordance with the following formula:

CPI Daily Inflation Reference Index=

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{\text{ND}_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

"**ND_M**": number of days in the relevant month M and, in the case of payment of principal or interest, shall be equal to 31;

"D": actual day of payment in the relevant month M and, in the case of payment of principal or interest, shall be equal to 25;

"CPI Monthly Reference Index $M-2$ ": the level of the CPI Monthly Reference Index published in relation to month M – 2;

"CPI Monthly Reference Index $M-3$ ": the level of the CPI Monthly Reference Index published in relation to month M – 3.

Notwithstanding Condition 5(g)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to six significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATINFLATION01 or on Bloomberg FRCPXTOB Index <GO> pages and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (Trésor) for its obligations assimilables du Trésor indexées sur l'inflation.

"CPI Monthly Reference Index" means the definitive consumer price index excluding tobacco for all households in France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (2) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* – www.cnofrance.org) in its December 2010 Paper entitled "Inflation Indexed Notes" (*Obligations et autres instruments de taux d'intérêt en euro, Normes et usages des marchés de capitaux – Chapitre II: Les obligations indexées sur l'inflation*). In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.
- (3)
 - (i) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the "**Substitute CPI Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:
 - (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it shall automatically apply from the day following its release to all calculations taking place from this date.
 - (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M =

$$\text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{CPI Monthly Reference Index}_{M-13}}$$

- (ii) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{Date D New Basis}} = \text{CPI Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

(B) Harmonised Index of Consumer Prices (HICP)

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the "**HICP**") is specified as the Index in the relevant Final Terms, this Condition 5(c)(v)(B) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(v)(B) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP ("**HICP Linked Interest**") applicable from time to time for each Interest Accrual Period (as specified in the relevant Final Terms) will be equal to the fixed rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined below).

The HICP Linked Interest will be determined by the Calculation Agent on the following basis:

- (1) On the fifth (5th) Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(v)(B), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable on any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 5(g)(iii), the IIR will be rounded if necessary to six significant figures (with halves being rounded up).

"**HICP Daily Inflation Reference Index**" means (i) in relation to the first (1st) day of any given calendar month, the HICP Monthly Reference Index of the third (3rd) calendar month preceding such month, and (ii) in relation to a day D (other than the first (1st) day) in any given month ("M"), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third (3rd) calendar month preceding such month ("M - 3") and the second (2nd) calendar month preceding such month ("M - 2") calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Daily Inflation Reference Index}_{M-3})$$

With:

"**ND_M**": number of days in the relevant month M and, in the case of payment of principal or interest, shall be equal to 31;

"**D**": actual day of payment in the relevant month M and, in the case of payment of principal or interest, shall be equal to 25;

"**HICP Monthly Reference Index_{M-2}**": the level of the HICP Monthly Reference Index published in relation to month M – 2;

"**HICP Monthly Reference Index_{M-3}**": the level of the HICP Monthly Reference Index published in relation to month M – 3.

Notwithstanding Condition 5(g)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to six significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page CPTFEMU Index <GO>.

"**HICP Monthly Reference Index**" means to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

(2)

(i) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the "**Substitute HICP Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it shall automatically apply from the day following its release to all calculations taking place from this date.

(y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{HICP Monthly Reference Index}_{M-1}}$$

- (ii) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}^{\text{Date D New Basis}} = \text{HICP Monthly Reference Index}^{\text{Date D Previous Basis}} \times \text{Key}$$

- (d) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon and is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(f)(i)).
- (e) **Fixed/Floating Rate Notes:** Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect, upon giving not less than fifteen (15) Business Days prior notice in accordance with Condition 13 (*Notices*), to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate (the "**Optional Change of Interest Date**") or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms (the "**Automatic Change of Interest Date**").
- (f) **Accrual of interest:** Interest shall cease to accrue on each Note on the due date for redemption unless on such due date, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.
- (g) **Margin, Maximum/Minimum Rates of Interest Amounts and Rounding:**
- (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest is specified in the relevant Final Terms, then any Rate of Interest shall be subject to such maximum or minimum as the case may be, provided that in no event, will the relevant Interest Amount be less than zero.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes "**unit**" means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (h) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall

equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

- (i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts and Early Redemption Amounts:** The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount or Early Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount or Early Redemption Amount to be notified to the Fiscal Agent, the Issuer, the Fiscal Agent, the Paying Agent(s), the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
- (j) **Calculation Agent:** The Issuer shall use its best efforts to procure that there shall at all times one or more Calculation Agent(s) if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined below). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 13.

For the purpose of this Condition:

"**outstanding**" means, in relation to the Notes of any Series, all the Notes issued other than (a) those that have been redeemed in accordance with these Conditions, (b) those in respect of which the date for redemption has occurred and the redemption moneys (including all interest accrued on such Notes to the date for such redemption and any interest payable after such date) have been duly paid (i) in the case of Notes in bearer form and in administered registered form, to the relevant Account Holders on behalf of the Noteholder as provided in Condition 7(a), (ii) in the case of Notes in fully registered form, to the account of the Noteholder as provided in Condition 7(a), (c) those which have become void or in respect of which claims have become prescribed, (d) those which have been purchased and that are held or have been cancelled as provided in these Conditions.

6. Redemption, Purchase and Options

(a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount which is (i) its nominal amount (except in case of Zero Coupon Notes) or (ii) an amount determined in accordance with Condition 6(e), if specified as applicable in the relevant Final Terms.

(b) **Redemption for Taxation Reasons**

(i) *Early Redemption of Notes upon the occurrence of a Withholding Tax Event:*

If in respect of the Notes the Issuer would, as a result of any change in, or in the official interpretation or administration of, any laws or regulations of France or any other authority thereof or therein be required to pay additional amounts as provided in Condition 8 (a "**Withholding Tax Event**"), the Issuer may at its option at any time (in the case of Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes), on giving not more than forty-five (45) nor less than fifteen (15) days' notice to the Noteholders (in accordance with Condition 13) which notice shall be irrevocable, redeem all, but not some only, of the Notes at their Early Redemption Amount (as defined below) together with interest accrued to the date fixed for redemption, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date upon which the Issuer could make payment without withholding or deduction for such taxes.

(ii) *Early Redemption of Notes upon the occurrence of a Gross-Up Event:*

If the Issuer would, on the next due date for payment of any amount in respect of the Notes, be prevented by French law from making such payment notwithstanding the undertaking to pay additional amounts as provided in Condition 8 (a "**Gross-Up Event**"), then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and shall, at any time (in the case of Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes) redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount (as defined below) together with interest accrued to the date fixed for redemption, upon giving not less than seven (7) nor more than forty-five (45) days' prior notice to the Noteholders (in accordance with Condition 13), provided that the due date for redemption of which notice hereunder shall be given shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount of interest payable in respect of the Notes or, if such date is already past, as soon as practicable thereafter.

(c) **Redemption at the Option of the Issuer and Partial Redemption**

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all laws, regulations and directives applicable to the Issuer and the Notes and on giving not less than five (5) nor more than thirty (30) days' irrevocable notice in accordance with Condition 13 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), redeem all, or, if so provided, some, of the Notes on any Optional Redemption Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount being (except with respect to Zero Coupon Notes) the nominal amount together with interest accrued to the date fixed for redemption, if any. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the redemption shall be effected by reducing the nominal amount of all such Notes in a Series in proportion to the aggregate nominal amount redeemed.

So long as the Notes are admitted to trading on Euronext Paris, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with

Articles 221-3 and 221-4 of the *Règlement Général* of the *Autorité des marchés financiers* and on the website of any other competent authority and/or Regulated Market of the EEA Member State where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding.

(d) **Redemption at the Option of the Noteholders**

If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount being (except with respect to Zero Coupon Notes) the nominal amount together with interest accrued to the date fixed for redemption.

To exercise such option the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the "**Exercise Notice**") in the form obtainable during usual business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. The Noteholder shall transfer, or cause to be transferred, the Notes to be redeemed to the account of the Fiscal Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

(e) **Redemption of Inflation Linked Notes:** If Condition 6(e) is specified as applicable in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

Final Redemption Amount = IIR x nominal amount of the Notes

If the Final Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

For the purpose of this Condition 6(e) only, "**IIR**" means the ratio determined on the fifth (5th) Business Day before the Maturity Date between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index (as defined in Condition 5(c)(v)(A)) on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index (as defined in Condition 5(c)(v)(B)) on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms.

(f) **Early Redemption Amount:**

(i) Zero Coupon Notes:

- (A) The Optional Redemption Amount or the Early Redemption Amount, as the case may be, payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 6(b), 6(c), 6(d), 6(i) or upon it becoming due and payable as provided in Condition 9 shall be calculated as provided below.
- (B) Subject to the provisions of sub-paragraph (C) above, the Optional Redemption Amount or the Early Redemption Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is specified in the relevant Final Terms, shall be such rate as would produce an Optional Redemption Amount or an Early Redemption Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Optional Redemption Amount or the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(b), 6(c), 6(d), 6(i) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Optional Redemption Amount or the Early Redemption Amount due and payable in respect of such Note shall be as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Optional Redemption Amount or the Early Redemption

Amount becomes due and payable were the Relevant Date. The calculation of the Optional Redemption Amount or the Early Redemption Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction specified in the relevant Final Terms.

(ii) Inflation Linked Notes:

(A) If the relevant Final Terms provides that Condition 6(f)(ii) shall apply in respect of Inflation Linked Notes, the Early Redemption Amount in respect of such Notes, as the case may be, will be determined by the Calculation Agent on the following basis:

"Early Redemption Amount" = IIR x nominal amount of the Notes

For the purpose of this Condition only, "**IIR**" means the ratio determined on the fifth Business Day before the date set for redemption between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index (as defined in Condition 5(c)(v)(A)) on the date set for redemption and the Base Reference specified in the relevant Final Terms or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index (as defined in Condition 5(c)(v)(B)) on the date set for redemption and the Base Reference specified in the relevant Final Terms.

If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

(B) If the Inflation Linked Notes (whether or not Condition 6(f)(ii) applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 5(c)(v) above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Early Redemption Date.

(iii) Other Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) and (ii) above), upon redemption of such Note pursuant to Condition 6(b), 6(i) or upon it becoming due and payable as provided in Condition 9 shall be the nominal amount of such Note.

(g) **Purchases:**

The Issuer shall have the right at all times to purchase Notes in the open market or otherwise at any price, subject to the applicable laws and/or regulations. All Notes so purchased by the Issuer may either (i) be held and resold in accordance with applicable laws and regulations or (ii) be cancelled in accordance with Condition 6(h) below.

(h) **Cancellation:** All Notes purchased and cancelled at the option of the Issuer shall be cancelled by transfer to an account in accordance with the rules and procedures of Euroclear France and, if so transferred or surrendered, shall be cancelled together with all rights relating to payment of interest and other amounts relating to such Notes. Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

- (i) **Illegality:** If, by reason of any change in French law, or any change in the official application of such law, becoming effective after the date on which agreement is reached to issue the first Tranche of the Notes, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under such Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 13, redeem all, but not some only, of such Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

7. Payments

- (a) **Notes:** Payments of principal and interest in respect of the Notes shall (in the case of Notes in bearer form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Notes in fully registered form), to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.

"Bank" means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET System.

- (b) **Payments Subject to Fiscal and other Laws:** All payments are subject in all cases but without prejudice to the provisions of Condition 8 to (i) any applicable fiscal or other laws, regulations and directives in the place of payment and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "Code") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Noteholders in respect of such payments.

- (c) **Appointment of Agents:** The Fiscal Agent, the Paying Agent(s), the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agent(s), the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agent having specified offices in at least two European cities, so long as the rules of, or applicable to, the relevant Regulated Market so require), (v) in the case of Notes in fully registered form, a Registration Agent and (vi) such other agents as may be required by any other Regulated Market on which the Notes may be admitted to trading.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 12, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 13.

- (d) **Non-Business Days:** Unless otherwise specified in these Conditions, if any date for payment in respect of any Note is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) on which Euroclear France is open for business and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the

principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET Business Day.

8. Taxation

- (a) **Withholding Taxes:** All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
- (b) **Additional Amounts:** If French law should require that payments of principal or interest in respect of any Note be subject to withholding or deduction in respect of any taxes, duties, assessments or governmental charges of whatever nature, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note to, or to a third party on behalf of a Noteholder, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of his having some connection with France other than the mere holding of the Note.

References in these Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) "**interest**" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) "**principal**" and/or "**interest**" shall be deemed to include any additional amounts that may be payable under this Condition.

9. Events of Default

The Representative (as defined under Condition 11), upon request of any Noteholder, may upon giving written notice to the Issuer and the Fiscal Agent cause the Notes held by such Noteholder to become, immediately due and payable at its Early Redemption Amount, together, if appropriate, with interest accrued to the date of repayment, in any of the following events ("**Events of Default**"):

- (i) the Issuer fails to pay any amount payable in respect of the Notes when due and payable and such default is not remedied within thirty (30) Business Days (as defined in Condition 5(a)) after the relevant due date; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Notes and such default is not remedied within ninety (90) Business Days (as defined in Condition 5(a)) after receipt by the Fiscal Agent of written notice (and by the Issuer of a copy) of default given by the Representative upon request of the Noteholder; or
- (iii) any indebtedness of the Issuer in excess of €100,000,000 (or its equivalent in other currencies) shall become due and is not paid on the date which is the later of (i) its stated maturity, and (ii) the expiry of applicable grace periods, unless in each case, the Issuer is contesting in good faith in a court of competent jurisdiction that such indebtedness is due or where such default is due to a technical or settlement failure beyond the control of the Issuer, provided that such default is remedied in seven (7) Business Days; or
- (iv) the Issuer is dissolved or merged into a company prior to the repayment in full of the Notes, unless in such event the obligations of the Issuer pursuant to the Notes are expressly assumed by such company.

10. Prescription

Claims against the Issuer for payment in respect of the Notes shall be prescribed and become void unless made within five (5) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

11. Representation of Noteholders

Subject to the provisions of Condition 11(ix) below with respect to Notes issued with a denomination of less than €100,000 (or its equivalent in any other currency), the Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a masse (the "**Masse**") which will be governed by the provisions of articles L.228-46 *et seq.* of the French *Code de commerce* as amended or supplemented by this Condition 11:

(i) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**").

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue with respect to the Notes, without prejudice to the rights that Noteholders may exercise individually in accordance with, and subject to, the provisions of the Terms and Conditions of the Notes.

(ii) Representative

The names and addresses of the Representative and its alternate (if any), will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternate, if any. Another Representative may be appointed.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative (if any) at the registered office of the Issuer.

(iii) Powers of the Representative

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

(iv) Collective Decisions

Collective Decisions are adopted either in a general meeting (the "**General Meeting**") or by consent following a written consultation (the "**Written Decision**").

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

Collective Decisions must be published in accordance with Condition 11(viii).

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(A) General Meetings

A General Meeting may be called at any time, either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the principal amount of Notes outstanding, may address to the Issuer and the Representative a demand for a General Meeting to be called. If such General Meeting has

not been called within two (2) months after such demand, the Noteholders may commission one of them to petition the competent court to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes held by the Noteholders attending such General Meeting or represented thereat.

Notice of the date, time, place and agenda of any General Meeting will be published in accordance with Condition 11(viii) not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy or by correspondence.

Each Noteholder or representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

(B) **Written Decisions**

At the initiative of the Issuer or the Representative, Collective Decisions may also be taken by a Written Decision.

Such Written Decision shall be signed by or on behalf of Noteholders holding not less than 90 per cent. in nominal amount of the Notes outstanding, without having to comply with formalities and time limits referred to in Condition 11(iv)(a). Any Written Decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Pursuant to Article L.228-46-1 of the French *Code de commerce*, approval of a Written Decision may also be given by way of electronic consent allowing the identification of Noteholders.

(C) **Exclusion of certain provisions of the French *Code de commerce***

The provisions of Article L.228-65 I. 1°, 3°, 4°, L.236-13 and L.236-18 of the French *Code de commerce* and the related provisions of the French *Code de commerce* shall not apply to the Notes, it being however specified for the avoidance of doubt that, the Noteholders benefit from the same protection rights as non bondholder creditors (*créanciers non obligataires*).

(v) **Expenses**

The Issuer shall pay all expenses relating to the operation of the *Masse*, including all expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by the Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(vi) **Single *Masse***

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 12, shall, for the defence of their respective common interests, be grouped in a single *Masse*.

(vii) **Sole Noteholder**

If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all the

powers, rights and obligations entrusted to the *Masse* by the provisions of the French *Code de commerce*.

From the date of appointment of the Representative in relation to any Series, if and for so long as the Notes of such Series are held by a sole Noteholder, such Noteholder shall exercise all powers, rights and obligations entrusted to the Noteholders acting through Collective Decisions by the provisions of the French *Code de commerce*.

The Issuer shall hold a register of the decisions taken by the sole Noteholder in this capacity and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(viii) **Notices to Noteholders**

Any notice to be given to Noteholders in accordance with this Condition 11 shall be given in accordance with Condition 13.

(ix) **Full Masse**

For Notes issued with a denomination of less than €100,000 (or its equivalent in any other currency), Condition 11 shall apply to the Notes subject to the following modifications:

(A) Condition 11(iv)(C) shall not apply to the Notes; and

(B) except if the Final Terms specify "Issue outside France" as applicable, Condition 11(v) shall be deleted and replaced by the provisions of Article L. 228-71 of the French *Code de commerce*.

For the avoidance of doubt, in this Condition 11, the term "outstanding" shall not include those Note purchased by the Issuer that are held by it and not cancelled in accordance with applicable laws and regulations as referred to in Condition 6(g).

12. Further Issues and Consolidation

(a) **Further Issues:** The Issuer may from time to time, without the consent of the Noteholders create and issue further notes to be assimilated (*assimilées*) and form a single series with the Notes provided such Notes and the further notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest in the relevant Final Terms) and that the terms of such further notes provide for such assimilation and references in these Conditions to "Notes" shall be construed accordingly.

(b) **Consolidation:** The Issuer may, if so specified in the applicable Final Terms, with the prior approval (which shall not be unreasonably withheld) of the Redenomination and Consolidation Agent, from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than thirty (30) days' prior notice to the Noteholders in accordance with Condition 13, without the consent of the Noteholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

13. Notices

DESCRIPTION OF THE ISSUER

1. HISTORY AND DEVELOPMENT OF THE ISSUER

SFIL is a credit institution under the form of a French limited liability company (*société anonyme*) created in 2013, administered by a Board of Directors (*conseil d'administration*) and governed by French law. It has its registered office at 1-3, rue du Passeur de Boulogne, Issy-les-Moulineaux (92130), France (Tel: + 33 (0)1 73 28 90 90). It is registered with the Nanterre trade and companies registry under number 428 782 585.

The duration of SFIL is determined in its articles of association (*statuts*) and is 99 years from the creation of SFIL.

The Issuer was licensed as a bank by the French *Autorité de contrôle prudentiel et de résolution* (the "ACPR") on 16 January 2013.

It is currently governed by the French *Code de commerce*, by the laws and regulations applicable to credit institutions currently in force, the provisions of the French *Code monétaire et financier* and its articles of association (*statuts*).

The corporate objects of the Issuer as set out under Article 3 of its articles of association (*statuts*) are essentially to perform on a regular basis:

- (a) any banking transaction within the meaning of Article L.311-1 of the French *Code monétaire et financier*;
- (b) any transaction relating to those transactions referred to (a) above, including the investment, subscription, purchase management, custody and sale of financial securities or any financial products;
- (c) any transaction involving the receipt of funds from its shareholders and from the *société de crédit foncier* controlled by the company;
- (d) pursuant to Article L.513-15 of the French *Code monétaire et financier*, any services relating to the management and recovery of exposures, debt securities and other securities, bonds, or other resources provided for Article L.513-2 of the French *Code monétaire et financier* of a duly authorised *société de crédit foncier* controlled by the company; and
- (e) the provision of services on behalf of third parties with a view to carrying out banking operations;

each in connection with credit transactions for the local public sector in France and more generally with any transaction that may benefit from a public guarantee.

The Issuer was created on 1 February 2013, as one of the key elements of a system that finds its source in the French State's determination to provide French local authorities and public healthcare facilities with continuous and efficient access to long-term bank financing, in addition to the offers proposed by commercial banks and French or European public institutions operating in this segment. This system, which was launched within the framework of the approval of the European Commission on 28 December 2012 (such approval was initially granted for fifteen (15) years and is renewable), makes it possible to refinance La Banque Postale's loans to French local authorities and to accompany these players actively in their efforts to reduce their outstanding sensitive loans.

In 2015, the French State entrusted SFIL with a second public policy mission: to refinance buyer credits insured by the French public export credit agency ("**Bpifrance Assurance Export**") under the French State's control, on its behalf and in its name and thereby to help enhance the competitiveness of the large export contracts negotiated by Companies exporting from France.

The objective is to supply market financing with the volumes and maturities adapted to export credits of significant amounts and under conditions that match those of the best French issuers of covered bond, relying on the capacities of SFIL and its subsidiary Caisse Française de Financement Local ("**CAFFIL**"). On 7 May 2020, the European Commission renewed SFIL-CAFFIL's authorization for the financing of export credits, reaffirming the market failure and the relevance of the intervention of a development bank such as SFIL. The initial authorization dated 5 May 2015 was valid for five years. It was renewed for a period of seven years.

A project is also underway concerning the extension to the scope of strategic projects. The aim is to allow the SFIL Group to refinance credits benefiting from the Strategic Projects Guarantee. This plan to extend the SFIL Group's activity will enable France to offer a financing system in line with the best practices observed in other major exporting countries, particularly in Asia.

To ensure the financing for these missions, SFIL Group benefits from four financing sources as described below:

- Issue of covered bond via CAFFIL: the year 2020 was marked by the Covid-19 pandemic, which led to a significant episode of volatility for all asset classes, including the covered bond segment in euros, which peaked at the beginning of April 2020 before easing down thanks to the intervention of the Eurosystem through the increase in its bond asset purchase programs and its massive contribution of liquidity to the banking sector.

Overall, this event did not affect the strength of the covered bond market with a primary market for public issues in euros that remained open throughout the year for a cumulative offering of EUR 96 billion, a significant decrease of 31% compared to the full year 2019 (EUR 119 billion). This situation is due to the significant use of the new advantageous refinancing mechanisms introduced by the Eurosystem (TLTRO) by European banks to the detriment of their issuing activity.

In terms of activity by jurisdiction, French and German issuers were once again the most active (respectively 29% and 20% of the offering), alongside Canadian issuers (10%) who took advantage of a euro market remained open in the midst of the crisis (unlike that of the dollar) and the Dutch issuers (7%), and finally the issuers of the peripheral jurisdictions (Spain and Italy for a total of 5% of the offer, compared to 10% in 2019). The share of issuers not eligible for the ECB buyback program fell to 26% (EUR 24.6 billion) of the euro covered bonds offering, with Canada and Norway as the largest contributors (two thirds of the volume).

This volume of activity was well absorbed by investors whose demand remained strong even at the height of the crisis, when one of the adjustment variables was spreads. Thus, after a period of widening throughout March 2020 and a peak at the very beginning of April 2020, covered bond segment spreads then experienced a period of rapid tightening until May 2020 and then slower to return to levels close to those at the beginning of the year at the end of 2020. The covered bond segment overall was virtually stable throughout the year. The year 2020 will have been marked by the ECB's interventions and its level of covered bonds purchasing activity with:

- a marked increase in the outstanding amount of the purchase program dedicated to covered bonds (CBPP3) to EUR 288 billion as of 25 December 2020 (*i.e.* EUR 264 billion at the end of 2019) and an increase comparable to that recorded in 2018;
- additional purchases under the new pandemic emergency purchase program (PEPP) in which the covered bond asset class amounted to EUR 3 billion outstandings at the end of November 2020 out of a total of EUR 736 billion.

The covered bond asset class, in addition to benefiting from a regulatory treatment that remains attractive to investors in 2021, will be able to rely on the covered bonds purchase programs of the ECB but also due to sustained demand naturally due to the maturing of larger volumes (around EUR 134 billion) than in 2020, *i.e.* an increase of EUR 15 billion. In this context, CAFFIL raised a total of EUR 5.55 billion in 2020 through the issuance of debt benefiting from the legal privilege *via* its *obligations foncières*. CAFFIL solicited the public primary market five times for a total amount of EUR 5 billion by enriching its benchmark curve on maturities of five years (EUR 1 billion), seven years (EUR 1.5 billion), ten years (EUR 1 billion), 15 years (EUR 750 million) and 20 years (EUR 750 million). At the same time, over the course of the year, CAFFIL raised additional liquidity on several of its reference issues *via* four tap transactions for a total of EUR 450 million.

In addition to these public transactions, CAFFIL responded to specific requests from investors in the private placements segment, both in the EMTN format and registered covered bonds (RCB). This activity raised EUR 97 million in 2020. 74.2% of this amount was documented under the Euro Medium Term Notes (EMTN) program, the balance (25.8%) having been issued in registered covered bond format. Outstanding *obligations foncières* stood at EUR 50.5 billion at 31 December 2020.

- SFIL bond issues: the year 2020 was marked by the Covid-19 crisis, which led to the intervention of the world's largest central banks. Thus, the ECB, which did not change its rates in 2020, announced in mid-March 2020 the PEPP (Pandemic Emergency Purchase Program - an envelope increased to EUR 1.850 billion on 10 December 2020), mainly dedicated to the SSA segment, but also a reinforcement of the APP (current volume of EUR 20 billion/month) and new Targeted Longer-Term Refinancing Operations (TLTRO). These measures made it possible to absorb a denser SSA (Souverains, Supra et Agences) offer with the European Union SURE program (Support to mitigate Unemployment Risks in an Emergency) as well as in the French jurisdiction with enhanced programs from AFD, Unedic and above all CADES (from EUR 4 to 24 billion for 2020 and

even EUR 40 billion in 2021). In the euro market, issue premiums, after reaching levels of more than 20 bps in April 2020, are now zero or even negative for some ESG issues. The ESG format has seen strong growth this year with 84% of the SSA France volume. CADES and Unedic now issue mainly in Social format. In 2020, conventional emissions represent 16% of volumes, while social emissions represent 53%, green bonds 24% and sustainable bonds 7%. At the European level, the implementation of the SURE program (funds raised to help the Member States against the Covid-19 pandemic) of the European Union, with a size of EUR 100 billion and carried out over the period 2020-2021 (EUR) (EUR 40 billion raised at the end of 2020) was a real success that was very well absorbed by the market thanks to generous issue premiums. On the secondary side in 2020, spreads against OATs in the French agencies segment performed well despite the abundant supply in euros; against swaps, the premiums offered have evolved in the wake of the French sovereign with a spread over the five-year zone and stability over the seven-year maturity.

The USD market also enjoyed strong momentum in 2020 with, in addition to the usual presence of issuers, an increase in the volume of French issuers, which almost tripled from USD 6.4 billion to USD 16.5 billion, benefiting in particular from favorable arbitrage.

In this context, SFIL stepped up the development of its franchise in the French agencies market segment in 2020 by issuing its first issue in the "Green" format in euros in addition to continuing its activity in the dollar market. SFIL solicited the public primary market twice for a total amount of EUR 1.6 billion with a first issue in dollars for an amount of USD 1.25 billion at three years in June 2020 and then an issue in euros in the "Green" thematic format for an amount of EUR 500 million at eight years in November 2020. These two successful transactions have made it possible to strengthen SFIL's franchise within the French agencies and to continue to diversify the SFIL Group's investor base, in particular with specialist "green" investors. SFIL's total EMTN bond outstandings came to EUR 7.6 billion as of 31 December 2020.

- ESG Financing: the SFIL Group has, as part of the development of its social and environmental policy, increased the diversification of its sources of financing and its investor base. This strategy resulted in the successful launch of:
 - CAFFIL's second "Social" thematic program (launched on 28 April 2020), which is the first issue of the covered bond known as "Covid-19", which aims to provide new financing to sectors affected by the pandemic;
 - SFIL Group's second "Green" thematic issue, launched on 13 November 2020 for the first time by SFIL as an issuer.

These new formats, which are experiencing significant growth in terms of volume and audience among more and more specialized ESG investors, allow the SFIL Group to further diversify its sources of financing. Thus, in 2020, the SFIL Group raised EUR 7.2 billion on the bond markets, of which more than 20% (EUR 1.5 billion) in the form of a "Social" and "Green" thematic bond issue. The repeated success of its "Social" and "Green" themed programs confirm the SFIL Group's strategy to increase the use of these formats in its future programs.

- SFIL's short-term debt issues: during the year 2020, SFIL developed the use of its debt securities issuance program of less than one year (NeuCP issuance program), which gives it additional flexibility in the management of its debt treasury. At 31 December 2020, SFIL's total outstanding certificates of deposit amounted to EUR 1.6 billion, *i.e.* EUR 1 billion more than at 31 December 2019.
- Shareholder refinancing: in 2020, the financing that SFIL received from its shareholder Caisse des Dépôts et Consignations ("**CDC**") and its partner La Banque Postale ("**LBP**") under credit agreements were repaid in full. As of 31 December 2020, the outstanding amount of these financing was zero, decreasing by EUR 0.4 billion compared to 31 December 2019. The financing agreement signed between CDC and SFIL (initially signed in February 2013) was also revised in December 2020 to adapt it to the new shareholder environment and SFIL's current financial position.

Outlook

Since 30 September 2020, SFIL is a new member of the Groupe Caisse des Dépôts, the new major public financial group. In particular, SFIL will be able to provide the Grand Pôle Financier Public (GPFP) with its high-performance financing platform, which has continued to benefit from excellent conditions for access to

financial markets despite the instability linked to the health and economic crisis, as well as its two loan facilities to SPL local public sector and to major export contracts, leaders established in their respective markets. The crisis has in fact strengthened SFIL's strategic positioning and demonstrated its financial resilience, a strong characteristic of public development banks³.

In terms of financing the local public sector, the LBP/SFIL system is a leader in lending to local authorities.⁴ In 2020, production continued at a high pace, demonstrating the performance of the system and its resilience in times of crisis. The impact of the electoral cycle on the municipalities and groups of municipalities is marked, with a decline typically seen between the year before the elections and the year after. But loans to regions and departments grew strongly in 2020.⁵

For French public hospitals that have very significant investment needs that the national recovery plan aims to address by setting the main investment priorities, the LBP/SFIL scheme could be a complementary financing instrument to the government budget.

In the field of export credit, due to the Covid-19 crisis, the pace of contract negotiation in 2020 saw a general slowdown. However, for projects in the preliminary study phase, the market system entrusted to SFIL remains in great demand and export credit is expected to play its counter-cyclical role of supporting certain sectors, notably civil aviation. SFIL will be active in financing this sector with export credits.⁶

In the medium term, the increased attention paid to sustainable development issues and the France Relance (French Recovery) plan, which will have beneficial effects on the competitiveness of the French industrial base, should support export business in the areas of water, waste, clean transport, renewable and carbon-free energies and telecommunications. The financing provided by SFIL will be critical in support of these developments. To cover its financing needs, the SFIL Group expects to use in 2021 the financial markets for volumes close to those of 2020 (for SFIL: issue program planned for 2021 between EUR 2 billion and EUR 3 billion, for CAFFIL issue program planned for 2021 between EUR 4 billion and EUR 5 billion), in a context of low interest rates favorable to the SFIL Group given its financing structure. SFIL is committed to the success of the France Relance (French Recovery) plan, in particular through green bonds.

Of the EUR 100 billion of the national recovery plan, more than EUR 20 billion of investments should be made in partnership with local authorities, for which the LBP/SFIL system will be an additional financing instrument. As the leading public investor, local authorities directly contribute to financing green investments in a multitude of local or network public services.

The issue of "Green Bonds" by SFIL and CAFFIL should make it possible to offer loans dedicated to the financing of green investments, which will be the subject of reports measuring their positive environmental impacts.

SFIL Group's social bond issues (EUR 2 billion since 2019) have encouraged the implementation of a special loan offer for public hospitals. This offer will continue in 2021, in line with the France Relance plan and the previous emergency measures decided in favor of hospitals.

SFIL will continue to roll out its strong social and environmental commitments (adherence to the United Nations Global Compact, annual CSR report, non-financial rating request, etc.) perfectly in line with its DNA as a public development bank. The five-year financial projections are up. In fact, the positive trend in SFIL's business in its two main business lines and the excellent financing conditions have led SFIL to revise upwards its business forecasts for the five years financial projections. Average annual growth in activity (NBI) is expected over the period of 5%, supported by the maintenance of a high level of capitalization.

From the point of view of its internal operations, SFIL will be able to continue to rely on the excellence of its teams, whose commitment remained constant during the crisis. Discussions have already been launched to adapt the organization and tools to the new operational context which will establish itself permanently, in hybrid form, at the end of the critical phase of the Covid-19 crisis. In addition, SFIL will continue to strengthen its prevention system against new risks that appeared or intensified during the Covid-19 crisis, including

cybercrime. Lastly, SFIL will continue to establish a close dialogue with the other entities of the GPFPP aimed at identifying and deploying best practices within the SFIL Group.

2. BUSINESS OVERVIEW

SFIL is a credit institution authorised and directly supervised by the European Central Bank and is ranked in the top 10 of the credit institutions in France by assets⁷.

2.1 Principal activities

SFIL carries out the following missions:

- financing, within a strictly defined framework, loans initially granted by La Banque Postale to eligible local government entities and public hospitals⁸ via issuance of *obligations foncières* by CAFFIL;
- refinancing large export credit contracts;
- SFIL's provision of specialized services to La Banque Postale and to CAFFIL to enable the system to function correctly; and
- the continuation and near-completion, in line with the State's public finances management objectives and SFIL's strategic interests, of the program to reduce the sensitivity of certain structured loans contained in CAFFIL's balance sheet when SFIL was created.

In the context of the Covid-19 pandemic, the exceptional financing capacity of the SFIL Group, which has been preserved, has enabled these missions to be carried out without interruption.

(i) Financing of local public sector loans

This activity was launched following the shortage of long-term funding for French local authorities. It was decided by the French State that it was necessary to provide a stable access to long dated funding for public investments. This decision was confirmed by the European Commission on 28 December 2012. LBP, which will retain a central role in the system, decided to renew its partnership early with SFIL until end 2026 for the commercialization of medium and long-term loans to local authorities and public hospitals. The objective is to enable local authorities and public hospitals to benefit from enhanced financing conditions.

Through its *société de crédit foncier* CAFFIL, the Issuer refinances medium and long-term loans offered by LBP to local authorities and public hospitals in France. SFIL and CAFFIL are mutually dependent. Due to its size, performance of CAFFIL has an impact on SFIL's revenues.

Since 2013, CAFFIL has been a regular issuer in the covered bond market with an overall volume issued around 30 billion euros.

Since 2013, SFIL, together with La Banque Postale, is a significant lender to the French local public sector with EUR 3.3 billion in 2013, EUR 4.1 billion in 2014, EUR 5 billion in 2015, EUR 4 billion in 2016, EUR 3.4 billion in 2017 and EUR 3.6 billion in 2018. In 2019 and 2020, SFIL continued to play a major role as lender to the French local public sector with EUR 5.7 billion in new loans in 2019 and EUR 5.6 billion in new loans in 2020.⁹

Since the creation of SFIL in 2013, new loans are granted exclusively to French local public sector borrowers. Through its subsidiary CAFFIL, SFIL also holds loans and bonds to public sector entities that were originated before 2013 with non-French counterparts. As of 31 December 2019, 89% of the assets of SFIL, measured by principal amount, are assets with French counterparts, 8% with Italian counterparts and 3% with other counterparts. The outstanding loans and securities on the SFIL Group's balance sheet totaled EUR 57.8 billion, of which EUR 55.3 billion to public sector. The majority of outstandings in 2020 were with the French public sector, which accounted for 89% of the total. New loans are now exclusively originated with the French local public sector. Outstanding loans in respect of the export credit activity accounted for EUR 3.6 billion on the balance sheet as of 31 December 2020. Excluding France, the two largest exposures concerned local authorities in Italy and central government entities in Italy (8%) and Switzerland (1%). Loans and securities with counterparties outside France corresponded to granular and geographically diverse exposures to public sector entities. These exposures, excluding cash investments, were originated in the past and are now in run-off.¹⁰

SFIL lies at the heart of a system that serves the State's commitment to provide French local government entities and public healthcare institutions with continuous and efficient access to long-term bank financing, alongside the offers of commercial banks and French and European public institutions operating in this sector. This system, which was launched following European Commission authorization on 28 December 2012, makes it possible to refinance LBP's loans to French local government entities and assist the relevant borrowers in their efforts to reduce their outstanding sensitive loans.

The diagram below describes the operational financing system for French local authorities and public hospitals.

Operational flow diagram of the system

The local public sector financing activity involves CAFFIL acquiring from LBP loans that it has marketed. The loans in question are simple, being exclusively at fixed rates or with a single indexation (Euribor + margin) or two-phase structure (fixed rate then variable rate). Certain loans involve a staggered-release phase or benefit from a deferred start-date mechanism. The range of amounts extends from EUR 40,000 to several tens of millions of euros. Maturities range mainly between 10 and 30 years. New loans are mostly repayment loans with an initial average life of around 10 years.¹¹

This loan offer is intended for all types of local government entity throughout France, from the smallest municipalities to the largest inter-municipal or regional structures. This financing offer enables the SFIL Group's commitment to sustainable finance and its role as a public development bank serving the regions to be synergized.

The SFIL-LBP scheme also offers a range of green loans, launched in June 2019 in partnership with La Banque Postale.

The green loan is a tool dedicated to financing projects contributing to ecological transition and sustainable development, in the fields of renewable energies, sustainable management of water and sanitation, waste management and recovery, soft mobility and clean transport and energy efficiency in construction and urban planning. The loans are refinanced by the green issues issued by the SFIL Group. This financing offer enables the SFIL Group's commitment to sustainable finance and its role as a public development bank serving the regions to be synergized.

(ii) Partnership with La Banque Postale and servicing and financing provided to CAFFIL

Since 2013, SFIL supplies services for the medium- and long-term financing activity in the local public sector (local authorities and public healthcare facilities) engaged in by La Banque Postale. Within this framework, SFIL provides services at all stages along the chain of loan issue and management (loan offerings, back office management, asset and liability management reporting, management control, accounting, third-party management, etc.).

SFIL also coordinates and directs projects needed by La Banque Postale for its business, in particular by adapting the applications it makes available.

Likewise SFIL and La Banque Postale work together in order to propose to certain customers of La Banque Postale the possibility to reschedule their loans held by CAFFIL, some of the services are provided to CAFFIL. The role of SFIL as servicer of CAFFIL since 2013 primarily involves the following:

¹¹ Source SFIL

- to ensure the complete operational management of CAFFIL (day-to-day management as well as the operational management of the reduction in the sensitivity of the structured loans on the balance sheet of CAFFIL), as defined by the regulations applicable to *sociétés de crédit foncier*, in particular Article L.513-15 of the French *Code monétaire et financier*; and
- to provide CAFFIL with the derivatives and non-privileged funding it needs to carry out its activities including the financing of the over collateralization.

SFIL Group, via its subsidiary CAFFIL, finances loans granted by LBP to French local authorities and public hospitals. The scheme was renewed until 2026 when SFIL changed its shareholding structure on 30 September 2020. The SFIL/LBP system demonstrated its performance by maintaining its position as leader in the financing of the French local public sector, which it has held since 2015.¹² In fact, during the year 2020, this system proved its resilience by the production of an amount of EUR 5.6 billion of loans (down by only 3% compared to 2019 which showed an increase of more than 55% compared to 2018) and maintaining a similar market share. The market for financing local authorities and public hospitals remained dynamic in 2020 despite the impact of the electoral cycle for the municipal block, with increased loans for the regions and departments. At the same time, CAFFIL acquired EUR 4.6 billion in loans initiated by La Banque Postale. This is the highest level of loans acquired since the creation of SFIL Group and the launch of its partnership with La Banque Postale in 2013. Since the partnership began, the total volume of loans acquired stands at EUR 24.5 billion. It should also be noted that with the launch of its range of green loans in 2019, the scheme reached EUR 1,154 million in green loans to local authorities at the end of 2020.

During the lockdown period and generalized teleworking related to the Covid-19 crisis, thanks to the rapid implementation of a remote working system for all of its staff, SFIL maintained the operational continuity of this service and carried out a number of operational adaptations, due to widespread remote work, in agreement with LBP. The level of service remained unchanged from normal. The performance indicators in place to measure the quality of the services that SFIL provided in 2020 were satisfied at 99%.

(iii) Export credit refinancing

In 2015, the French State gave SFIL the mission to refinance large export credits in order to bolster the competitiveness of French export offers.

The European Commission's authorization for the export credit refinancing activity carried out by Bpifrance Assurance Export on behalf of the State was renewed on 7 May 2020 based on the maintained diagnosis of a market failure for export credit refinancing and the appropriate and necessary nature of the intervention of a public development bank, such as SFIL, to remedy it. The duration of this authorization was extended to 7 years (instead of 5 years for the first) expiring in 2027.

Export credits are a key factor in the financial aspect of exporters' commercial offers. Basically structured in the form of buyer credits, they may take advantage of a credit insurance against the political and commercial risks granted by the French public export credit agency.

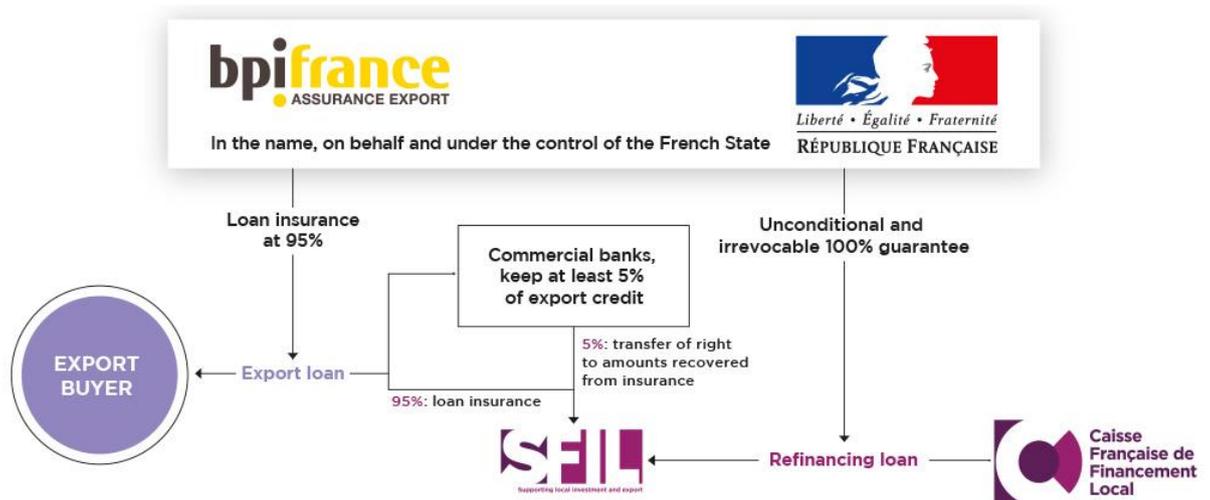

The objective of this new set-up designed to support French exports is to improve the financial offer that accompanies export contracts in terms of volume, maturity and cost. The vast majority of countries of the Organisation for Economic Cooperation and Development rely on a public set up for the refinancing of export loans through two different models: (i) direct lender where the public entity takes the place of commercial banks or (ii) refinancing platform where the public entity leaves the structuring, arranging and roles as well as the uninsured part of the credits to the commercial banks.

Following feasibility studies undertaken by SFIL in cooperation with the French public export credit agency and French authorities, the second model was chosen. The European Commission granted on 5 May 2015, its authorisation to expand the scope of SFIL's activities as a public development bank, in the refinancing of export credits in order to resolve market failure in this sector.

Following this decision, the operational launch of this business line was organized, resources were progressively allocated to this activity, and internal management processes and risk control systems were set up.

Presentation of the set up:

¹² Source SFIL

Within the framework of this organization, SFIL offers to take the place of export banks as lender of all or a part (generally up to 95%) of the portion insured by the French public export credit agency, the uninsured portion to be kept by the export bank.

- SFIL becomes lender of the record in the export credit and benefits from a 100% insurance cover on its part.
- The export bank keeps the risk on the uninsured portion and maintains the commercial relationship over the life of the transaction.
- The export loans acquired by SFIL are refinanced through CAFFIL, which benefits from the enhanced guarantee mechanism introduced in the 2012 law of finance.

The structure that has been set up operates with significant interaction between SFIL and Bpifrance Assurance Export¹³, on the one hand, and export banks on the other.

In that respect, a standard protocol has been drawn up, governing relations between SFIL and any export bank wishing to make use of this scheme. As of 31 December 2020, twenty-seven (27) institutions, including the most active banks in the French export credit market, had signed this agreement and can use SFIL for their operations.

Since its inaugural deal signed in June 2016 and as of 31 December 2020, SFIL has closed 15 deals reaching a total amount of EUR 8.3 billion in export credit refinancing:

- 2 deals in 2016, with 5 banks for EUR 650 million;
- 4 deals in 2017 with 8 banks for EUR 2.6 billion;
- 4 deals in 2018 with 13 banks for EUR 3.8 billion;
- 4 deals in 2019 with 7 banks for EUR 1.0 billion; and
- 1 deal in 2020 with 2 banks for EUR 211 million.¹⁴

Since 2016, SFIL has become the first liquidity provider on the French export credit market with a market share above 40%. In total as of 31 December 2020, SFIL has enabled the successful closing partnership with the commercial banks of EUR 15 billion of export credits for 10 exporters in 6 sectors: Cruise, Defence, Power, Infrastructure, Oil&Gas and Aeronautics.¹⁵

For the future, the export credit activity targets an annual volume of EUR 2 billion to EUR 2.5 billion in average per year.

¹³ Historically, Coface was the French public export credit agency, delivering insurance policy in the name of and with the guarantee of the French State. Following the amended 2015 finance law, the role of managing public guarantees for foreign trade has been transferred on 31 December 2016 from Coface to Bpifrance. Bpifrance Assurance Export, a 100% subsidiary of Bpifrance is in charge of delivering these guarantees, under the French State's control, on its behalf and in its name.

Since export credit refinancing is not linked, from the point of view of the economic or the financial cycle, to the local public finance sector, this new business line will make it possible to sustain SFIL's results without modifying its strategic positioning as a development bank that refinances public assets, or its risk profile.

SFIL has the project to refinance also credits covered by the "Garantie des Projets Stratégiques". This new insurance product has been announced by French Prime Minister Edouard Philippe on February 2018 and has been now authorized via a decree published in December 2018. The idea of the government is to give its cover credits to finance projects not linked to an exportation but which represent a "Strategic" interest for the French Economy. The eligibility of a credit to this new guaranty will be ultimately a case by case decision made by the French Authorities. SFIL plans to act for this new guarantee following the same structure as for a classical export credit insurance.

In December 2019, French authorities have notified European Commission of the extension of SFIL's refinancing activity to credits benefiting from the new Strategic Project Guarantee. Clarifications and exchanges are ongoing between the French State and European Commission and are expected to be concluded in the coming months.

This enlarged scope will create additional business opportunities for SFIL.

(iv) Sensitivity reduction

Through its subsidiary CAFFIL, SFIL holds structured loans considered as sensitive that were granted to French customers of Dexia Credit Local. Certain of these customers initiated legal proceedings against Dexia Credit Local, CAFFIL and/or SFIL.

The policy applied by SFIL since its creation at the beginning of 2013 made it possible to effect a significant reduction in the size of the portfolio of sensitive structured loans.

Efforts to reduce loan sensitivity remained significant in 2020, as EUR 106 million in sensitive structured loans were transformed into fixed rate loans, with 19 operations (32 in the previous year). Lastly, 213 borrowers, including 202 local governments, cancelled their litigation proceedings. At the end of 2020, there were still 10 lawsuits before the courts, versus 15 in 2019, 18 in 2018 and 25 in 2017.

2.2 Principal markets

SFIL operates in two markets: lending to the French local public sector and refinancing of export loans benefiting from a French public guaranty.

French local government debt reached a total amount of EUR 230 billion at the end of 2020.

After a year 2019 already characterized by a low activity (EUR 2.2 billion), the year 2020 is the lowest since 2014, with around EUR 1.6 billion of large export credit insured signed by BPIAE (excluding aviation sector).

2.3 Recent evolutions

We present below three key figures of SFIL as of 31 December 2020:

- SFIL had EUR 77 billion consolidated balance sheet assets;
- SFIL had a CET1 Ratio of 29.4%; and
- 344 employees were working for SFIL.

Following the supervisory review and evaluation process (SREP) conducted by the European Central Bank in 2019, SFIL's CET1 capital requirement on a consolidated basis was set at 7.99% as of 1 January 2020. It consists of: (i) 4.50% in respect of Pillar 1 CET1 capital, the level applicable to all institutions, (ii) 0.75% in respect of the Pillar 2 requirement (P2R), unchanged compared with the last year following the 2018 SREP, (iii) 2.50% in respect of the conservation buffer, the level applicable to all institutions and (iv) 0.24 % in respect of contracyclic buffer calculated on estimated basis. As of 31 December 2020, the SFIL Group's consolidated CET1 and total capital ratios came to 29.4% and 29.9%, respectively, a level representing more than twice the minimum requirement set by the European supervisory authority. The CET1 ratio improved by 5% compared to its level of 24.4% at 31 December 2019. This improvement is mainly due to the decrease of Risk Weighted Assets (RWA) related to several changes in methods for calculating regulatory equity requirements. The European Central Bank notified the level of additional requirement in respect of P2R (Pillar 2 Requirement) for SFIL's Group, which will apply from 1st January 2021. Last year's requirement is maintained and stands at 0.75% for SFIL. Taking into account the regulatory buffers, the minimum requirements applicable to SFIL on a consolidated basis are respectively 7.75% for the CET1 ratio, 9.25% for the Tier 1 ratio and 11.25% for the total capital ratio.

The Capital Requirements Regulation No. 575/2013 dated 26 June 2013 has introduced a leverage ratio, which corresponds to the amount of Tier 1 capital as a proportion of the total exposure of the entity concerned. Data collection in accordance with the regulatory format began in 2014 and entities have published their leverage ratio since the fiscal year starting 1 January 2015, without this ratio being subject to a specific quantitative requirement.

Based on the methodological principles of currently applicable regulations, the SFIL Group's leverage ratio was 8.8% as of 31 December 2020.

However, these regulations were recently amended by Regulation No. 876/2019 of 20 May 2019. The amendments in question, applicable as from end-June 2021, provide for the introduction of a minimum leverage ratio requirement of 3%, as well as measures designed to exclude development loans and the Export Credit business when calculating the total exposure. When these amendments come into force, the SFIL Group will therefore benefit from specific, tailored leverage ratio calculation rules.

Calculated using the methodological principles of the amended regulations, the SFIL Group's leverage ratio is 8.8% and thus comfortably exceeds this minimum 3% requirement.

On 22 February 2021, the ACPR Resolution College notified SFIL of its decision to implement the Single Resolution Board decision dated 23 September 2020, setting the minimum requirement for own funds and eligible liabilities (MREL) for SFIL.

In its regard, as the Ordinary Insolvency Processing is now retained as SFIL's preferential resolution strategy, the MREL requirement will therefore be limited to only "Loss Absorption Amount" (LAA) of SFIL. Furthermore, MREL will only apply to SFIL's social scope, which will largely respect it.

3. ORGANISATIONAL STRUCTURE

The Banque de France may ask CDC, as reference shareholder, and the French State to provide the necessary support to SFIL in accordance with Article L.511-42 of the French Code *monétaire et financier*.

The shareholding structure of SFIL changed in 2020. On 30 September 2020, the State, CDC and LBP announced the finalization of the acquisition by CDC (that held a 20% stake to date) of all of the SFIL shares held by LBP (i.e. 5%) and all of the SFIL shares held by the State (i.e. 75%), with the exception of one ordinary share that the State retained in accordance with the terms of the agreement announced on 9 October 2019 and 4 March 2020. CDC is SFIL's new reference shareholder. The State will continue to have a seat on SFIL's Board of Directors by means of a non-voting director, in view of the public interest missions entrusted to SFIL.

This operation enables the public financial institutions to continue to serve the French territory, by grouping them within a large public financial group, formed around CDC and La Poste.

SFIL's shareholding structure is still fully public. Its shareholders will ensure that SFIL's financial solidity is preserved and its economic base protected and will continue to provide it with the necessary support, in accordance with the applicable regulations. CDC, SFIL's new reference shareholder, confirmed its commitment in a letter of support, completed by a letter of support from the State, in the context of SFIL's continuing status as a State-owned development bank. On its side, on 5 November 2020, SFIL signed an updated declaration of support of CAFFIL.

The share capital of the Issuer is held as follows:

- 99,99999% by the CDC (i.e. 1,857,145 preferred shares and 7,428,579 ordinary shares);
- 0.00001% by the French State via the Agence des Participations de l'Etat, which is a French government shareholding agency (i.e 1 ordinary share).

CAFFIL is a subsidiary of SFIL. CAFFIL is a *société de crédit foncier* governed by Articles L.515-13 *et seq.* of the French Code *monétaire et financier*.

The shares are divided into two categories:

- 7,428,580 ordinary shares (*actions ordinaires*); and
- 1,857,145 preferred shares (*actions de préférence*).

There are no other securities that grant rights to shares in the capital of SFIL.

SFIL is publicly owned. The share capital of SFIL is held as follows:

- 99.99999% by the CDC, i.e. 1,857,145 preferred shares and 7,428,579 ordinary shares;
- 0.00001% by the French State via the Agence des Participations de l'Etat, which is a French government shareholding agency (i.e 1 ordinary share).

6. LEGAL AND ARBITRATION PROCEEDINGS

Litigation related to structured loans

CAFFIL has, in its portfolio, some structured loans considered as sensitive which had been granted to French clients by Dexia Crédit Local before the acquisition of CAFFIL by SFIL. Certain of these customers initiated legal proceedings against Dexia Crédit Local, CAFFIL and/or SFIL.

In 2020, the outstanding sensitive structured loans and the number of legal proceedings decreased significantly. As of 31 December 2020, 92% of these loans were no longer sensitive.

Reduction in outstanding sensitive structured loans

SFIL's application of its policy to reduce the sensitivity of the structured loans of CAFFIL was effective in 2020, with a volume of EUR 106 million in sensitive loans transformed into fixed rate contracts, representing approximately EUR 5.7 billion since the beginning of 2013.

SFIL Group's total sensitive structured loan outstandings will have decreased by at least 92 % compared with the amount recorded when SFIL was created (EUR 8.5 billion) and will therefore be reduced to less than EUR 608 million by the end of 2021, as the result of the following:

- proactive operations conducted by SFIL to reduce loan sensitivity with the help of the support funds, including the operations already accomplished with a post-closing value date;
- the natural amortization of the loans; and

- the use by certain customers of the derogatory mechanism of the support funds. In point of fact, some customers chose to keep their structured loans temporarily while still having the opportunity to benefit from the assistance of the support fund for local governments in the event that the structured component of their loan would be activated (assistance in paying interest at a degraded rate as anticipated by the rules governing the support fund). On 31 December 2020, the outstanding loans represent EUR 298 million for 48 customers.

At the same time, 730 customers (83%) definitively moved out of the category of sensitive customers. The reduction in sensitivity was even more marked for the customers with the most sensitive exposure; more than 96% of borrowers with loans initially indexed on EUR/CHF no longer have any. On the basis of the operations conducted at the end of 2020 with an effective date after 31 December 2020, and subsequent to the deduction of outstanding loans benefiting from assistance in paying degraded coupons, outstanding sensitive loans will be at most EUR 608 million by the end of 2021 (a decrease of at least EUR 93 % since 31 December 2012) for 142 customers.

Significant decrease in the number of lawsuits

As regards litigation, there were 10 borrowers with disputed structured loans as of 31 December 2020, compared with 15 as of 31 December 2019, 18 as of 31 December 2018, 25 as of 31 December 2017, 39 as of 31 December 2016 and 131 as of 31 December 2015. Since SFIL's creation, 213 borrowers have dropped their claims against the Group.

Since the entry into force on 30 July 2014 of the law on the securitization of structured loan contracts taken out by public legal entities and in accordance with a now established case law of the *Cour de cassation* (cf. judgments rendered on 28 March 2018, 26 June 2019, 20 May 2020 and 12 November 2020), more than 60 judicial decisions have dismissed claims by borrowers to invalidate the structured loans recorded on CAFFIL's balance sheet.

However, two partially unfavorable rulings were issued by the *Cour de cassation* during the year 2021. Insofar as these rulings sanctioned insufficient substantiation of the appeal rulings, they do not prejudice the outcome of the proceedings in question, which have been transferred back to the *Cour d'appel*.

Other litigations

There was no change over the year of 2020 in the case concerning the tax treatment in Ireland of the income of the former Dexia Municipal Agency branch (former name of CAFFIL) in Dublin, which was closed in 2013, and, which was subject to an audit by the French tax authorities. CAFFIL paid the rights assessed. In addition, the audit procedure initiated in 2019 by the tax authorities for the 2016 to 2018 SFIL financial years and finalized in 2020 gave rise to insignificant technical adjustments which mainly correspond to a delay in the financial year for the allocation of payroll expenses. This adjustment only results in deferred tax, which SFIL had taken into consideration when closing its 2019 financial statements.

7. MATERIAL CONTRACTS

(i) Management agreement between SFIL and CAFFIL

A management agreement, "*Convention de gestion*", dated 31 January 2013 between SFIL and CAFFIL as amended and/or replaced from time to time, pursuant to which SFIL agreed to manage on behalf of CAFFIL loans granted to public sector entities in the European Union or to entities guaranteed by these public sector entities and transferred to CAFFIL and the refinancing of export credits. SFIL, in accordance with the terms of this agreement (which also covers loan origination, servicing and recovery, administrative and accounting management, internal control and compliance, information technology services, human resources, compensation for services and current account services), monitors and controls risks relating to credit, counterparties, market, operations, exchange rates, interest rates, liquidity, and settlement at the level of CAFFIL.

(ii) Liquidity and Financing Arrangements

A current account agreement (*Convention de compte courant*) dated 31 January 2013 has been concluded by CAFFIL and SFIL (as amended from time to time) which combines multiple current accounts into a single current account and allows CAFFIL and SFIL the ability to share a single current account. CAFFIL is able to use the funds available in the current account to a maximum amount of EUR 50 million, measured at the end of each day.

An intragroup revolving credit facility (*Crédit Long Terme*) dated 31 January 2013 has been concluded by CAFFIL, as borrower, and SFIL, as lender (as amended from time to time) pursuant to which SFIL agreed to grant to CAFFIL loans to provide long term financing to cover long term liquidity needs, including the financing of the over-collateral.

(iii) Loan agreements

The funds required to finance the activity of CAFFIL (financing of over-collateralization and intermediated derivatives) are lent to SFIL by its shareholders.

- An agreement was signed between SFIL and CDC, dated 31 January 2013, as amended from time to time, to cover all the needs linked to operations booked prior to the date of acquisition (31 January 2013) and the new export refinancing activity;
- An agreement was signed between SFIL and La Banque Postale (LBP), dated 8 August 2013, as amended from time to time, to cover all the needs related to loans to French local governments and public hospitals that LBP originates.

(iv) Declaration of support

On 5 November 2020, SFIL signed an updated declaration of support of CAFFIL, which is reproduced as follows:

"Since 31 January 2013, SFIL is the reference shareholder of Caisse Française de Financement Local, a société de crédit foncier, governed by Articles L.513-2 et seq. of the Monetary and Financial Code and holds 99.99% of its capital.

SFIL will continue to stand as reference shareholder and hold more than 99% of the capital of Caisse Française de Financement Local on a long-term basis.

SFIL, its reference shareholder CDC and the French State, will ensure, subject to EU State Aid rules, that Caisse Française de Financement Local always be able to pursue its activity in an ongoing manner and that its economic base is protected and its financial strength preserved, in compliance with the requirements of banking regulations."

(v) Tax consolidation arrangement with CAFFIL

An agreement was signed between SFIL and CAFFIL, dated 13 January 2014, which allows SFIL to be solely liable for income tax for SFIL and CAFFIL from fiscal year 2014 and which governs payment of the tax within the tax group and compensation for leaving the tax group linked to the loss of the right to carry deficits.

(vi) Hedging Arrangements

An FBF master agreement was signed between SFIL and CAFFIL, dated 31 January 2013, as amended from time to time and as supplemented by an AFB collateral annexe, dated 31 January 2013, as amended from time to time. The OTC transactions under this master agreement include interest rate swaps and foreign exchange swaps.

ISDA and FBF master agreements were signed between SFIL and over twenty (20) banks.

(vii) Refinancing master agreements with CAFFIL (Convention-cadre de refinancement SFIL-CAFFIL / Crédit Export)

The Issuer and CAFFIL have entered into a refinancing master agreement on 29 June 2016. Such agreement sets out the general terms relating to any refinancing by CAFFIL of export loans acquired by SFIL from export banks in its

export refinancing activity. The purpose of this master agreement is to govern any export loan refinancing between SFIL and CAFFIL.

The Issuer and CAFFIL have entered into a refinancing master agreement on 22 February 2021. Such agreement sets out the general terms relating to any refinancing by CAFFIL of export loans acquired by SFIL from export banks and benefited from a so-called "pure and unconditional" guarantee (GPI).

RECENT DEVELOPMENTS

During the Covid-19 crisis, SFIL's strategy - based on its public development bank model - showed its strength and large resilience capacity notably in terms of solvency and liquidity.

As regards operations, the bank, which had regularly conducted crisis management exercises, was able to adapt its organization and information systems to operate entirely remotely during lockdown phases and with limited on-site presence during periods when the lockdown was lifted.

During periods of partial return to the site, social distancing measures to fully ensure the safety of staff have been implemented. A crisis unit was set up at the beginning of March 2020 and was held 38 times during 2020 to analyze the evolution of the pandemic and take the necessary measures to ensure operational continuity.

The lockdown began to be lifted at the start of June 2020 with a cautious and gradual return of employees and service providers to the office, in a protective framework of distancing and health security. Full teleworking was reinstated in early November 2020. The lockdown was again lifted in January 2021, with full teleworking (with the possibility of voluntary return to the site one day per week) being reinstated in early February 2021.

As a result, all teams remained exceptionally mobilized in 2020, all activities were fully provided and SFIL did not use the job retention scheme set up by the public authorities.

The French local public sector financing activity had a very strong year despite the crisis. The EUR 5.6 billion production is close (-3%) to that of 2019, even though 2019 was a record year.

As part of the national mobilization to fight Covid-19, SFIL has decided to deploy two approaches to support borrowers faced with difficulties due to the Covid-19 crisis:

- one, proactive and systematic, by proposing payment terms to all healthcare entities in recognition of their exceptional involvement in the Covid-19 pandemic. SFIL proposed payment terms of 180 days to these borrowers for all of their loan contract with maturities between 12 March and 30 June 2020, without any late interest or penalties being invoiced. As at 31 December 2020, 27 public health institutions had benefited from these payment terms from SFIL;
- the other approach is to respond to requests from local authorities and equivalent faced with temporary cash flow difficulties due to the Covid-19 crisis caused by the decline in revenue from specific activities, related to economic and touristic activities (cinemas, swimming pools, car parks, thermal baths, etc.), on a case by case basis. As of 31 December 2020, 65 local authorities have requested SFIL to obtain payment terms, which represented only 0.6% of local authorities with maturities over this period and less than 2% by amount.

With respect to the export credit refinancing activity, SFIL, which has been involved in all French export credit cruise ships financing transactions concluded since 2016, is part of the approach developed jointly by the European export credit insurance agencies to provide liquidity support for cruise lines, faced with an abrupt shutdown of their activity. This consists of deferring the repayment of the principal amount of the credits. For SFIL, the amount concerned is slightly less than EUR 68 million.

In the other credit export sectors concerned, the impact of the successive lockdown periods in the different regions of the world, led, in the short term, to a slowdown in on-going negotiations for certain projects. However, over the medium term and as part of the economic recovery, the use of SFIL export credit and refinancing could play a counter-cyclical role. During the year, this resulted in an increase of around 40% in bank requests on files in the preliminary phase. This trend indicates a possible greater use of export credit and SFIL refinancing in the coming months and years.

The impact of the crisis on credit risk was very limited since, as of 31 December 2020, the 65 French borrowers who had requested new payment terms representing a maturity amount of EUR 18.6 million, 55 of which reimbursed their maturities in line with the agreed deadline. Overall, balances due resulting from payment delays only amounted to EUR 0.9 million at the end of 2020.

The only significant impact on credit risk concerns the cruise sector, whose debt is fully guaranteed by Bpifrance Assurance Export in the name and on behalf of the French State in principal and interest, and which will have generated an increase in provisions of EUR 14.8 million at the end of 2020.

With regard to liquidity, the Covid-19 crisis did not affect the SFIL Group's issuance program overall during the year 2020. This amounted to EUR 7.2 billion in 2020, i.e. EUR 1.1 billion more than in 2019. The normalization of the financial markets from mid-April 2020, thanks in particular to the vigorous and rapid action of the central banks,

enabled the SFIL Group to resume its financing program, which it had voluntarily interrupted for one month given the level of refinancing spreads. It was thus able to complete the entire annual financing plan scheduled from the end of November 2020, at an average level of spread in line with the budget.

The amount of the debt securities issued by SFIL under its Programme increased by an amount of EUR 824 million between 1 January 2021 and 19 May 2021.

The amount of the debt securities issued by CAFFIL including the *Obligations Foncières* and the registered covered bonds issued increased by an amount of EUR 1.198 billion between 1 January 2021 and 19 May 2021.

The amount of SFIL Group's debt securities (including (i) the debt securities issued by SFIL under its Programme and (ii) the *Obligations Foncières* and the registered covered bonds issued by CAFFIL) increased by an amount of EUR 2.022 billion between 1 January 2021 and 19 May 2021.

SUBSCRIPTION AND SALE

Summary of Amended and Restated Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 21 May 2021 (as amended or supplemented from time to time, the "**Amended and Restated Dealer Agreement**") between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Amended and Restated Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of its activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Amended and Restated Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

PRIIPS REGULATION - PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU of the European Parliament and of the Council dated 15 May 2014 on markets in financial instruments (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive 2016/97/EU of the European Parliament and of the Council dated 20 January 2016 on insurance distribution, as amended (the "**Insurance Distribution Directive**") where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended (the "**Prospectus Regulation**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 of the European Parliament and of the Council dated 26 November 2014 on key information documents for packaged retail and insurance-based investment products, as amended (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPS REGULATION - PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the "**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "**FSMA**") and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by the PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

[⁴⁹**MiFID II product governance / Professional investors and eligible counterparties only target market** – Solely for the purposes of [the/each] manufacturer[’s/s’] product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*⁵⁰] Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]⁵¹

⁴⁹ Legend to be included following completion of the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018.

⁵⁰ ICMA 1 and ICMA 2 approaches envisage that a negative target market will be unlikely. Note that a programme which only envisages vanilla issuance is unlikely to require a negative target market placeholder. If a negative target market is deemed necessary, wording along the following lines could be included: "The target market assessment indicates that Notes are incompatible with the needs, characteristic and objectives of clients which are [fully risk averse/have no risk tolerance or are seeking on-demand full repayment of the amounts invested]."

⁵¹ Legend to be included if the Notes are not intended to be sold to retail clients

[⁵²UK MiFIR product governance / Professional investors and eligible counterparties only target market – Solely for the purposes of [the/each] manufacturer[s/s'] product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA's policy statement entitled "Brexit our approach to EU non-legislative materials") has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (the "COBS"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("UK MiFIR"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate.
